Att: Burton W. Wiand, Receiver

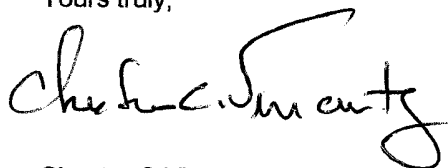

Claim # 403

Our position is unchanged. We do not believe your interpretation of the Traders profitability in the early years is correct. Since there are several court cases working their way through the system we won't jeopardize our position for recovery of additional funds should the courts rule against your position. We are willing to review our position providing you supply the same types of information you demanded of us.

- 1) Show us the trades and profitability of Trader's Club from its beginning through 2003. Brokerage account history will suffice or you can supply detailed brokerage trading data used in the "Lee" court case.
- 2) Show us the profit and loss for each year from inception through 2003 so we determine when the Ponzi scheme started and can correlate that time with the time when we were invested in the Traders Investment Club.

All of the request data should be readily available since you must have already supplied to the courts in the "Lee" action.

Yours truly,

Chester C Vincentz
