Dear Jonathan:

Pursuant to my notice, I have enclosed a portable hard drive containing documents for AstraZeneca's eighteenth Custodian production in the above referenced matter. In particular, this production contains replacement documents belonging to Custodians Don Beamish, Kim Busch, Kathryn Bradley, Lisa Boornazian, John Boorstein, Kevin Hamill and Karen Mueller. These productions are the result of our vendor's repair of blank pages originally delivered to you and as such do not constitute new documents. Rather, these are replacement documents for images that you received earlier as blank. We have decided to provide you with entire productions for Beamish and Busch as a matter of convenience as the reconstituted pages were quite numerous. Please note that this production is subject to the agreed upon confidentiality stipulation and any state court protective orders.

Consistent with our recent productions, the Custodians be set forth in multiple folders and corresponding sets. For your convenience, I have listed the Custodians according to their sets with corresponding bates numbers. The contents of the sets and the corresponding bates ranges are:
