Hello again Mike,

I am still receiving emails for It's a 10 that I forward to the proper channels, it's not a problem. The one below is of interest. I will be in Costa Rica for 2 weeks from this Saturday Aug.7 - 21st. This trip is to see what opportunities are available in Central America for me with plans of possibly moving there in the future. If I could be of any help with the below matter please call on me. I would be willing to travel to Honduras for a face to face, tour of facilities or what ever I could be of help with.
