Questioned Document Examiner Letter

Subject: Dava J. Tunis

Date: February 5, 2008

I have examined five (5) documents with the known signatures of Dava J. Tunis. For the purpose of this examination I have labeled these exhibits 'K1' through 'K5'.

Today I have compared the signatures of Dava J. Tunis on the 'K' documents to the Dava J. Tunis signature on the questioned document, identified herein as 'Q1' to determine if the author of the Dava J. Tunis signatures on the 'K' documents was the same person who authored the name of Dava J. Tunis on the questioned document: An Oath of Loyalty for the United States and of the State of Florida.

Based upon thorough analysis of these items, and from an application of accepted forensic document examination tools, principles and techniques, it is my professional expert opinion that a different person authored the name of Dava J. Tunis on the questioned document. Someone did indeed forge the signature of Dava J. Tunis on the questioned document Q1.

I am willing to testify to this in a court of law and I will prove to the Court that my opinion is correct. My Curriculum Vitae is attached and incorporated herein by reference.

Respectfully submitted,

 Curtis Baggett
