Re: *Thompson v. Bar*, Tunis, Case No. 07-20866 (Faxed and e-mailed before 7 am)

Dear Mr. Richard and Ms. Tuma:

In light of a) Dr. Wunderman's forensic psychological evaluation of the undersigned, b) The Bar's failure, for months, to come forward with *any* basis for its own forced assessment of the undersigned, and c) the hearing tomorrow in federal court at which the bad faith of The Bar will be addressed, please do the following:

Tell me, by e-mail to amendmentone@comcast.net, by 2 pm today whether The Bar will drop its demand that the undersigned be evaluated by the Florida Lawyers Assistance program.

Failure to inform me by that time will show the bad faith of The Bar in this regard.

Best, Jack Thompson
