THOMAS SCOLARO

Dear Mr. Hasty:

ALEXANDER J. PERKINS
Also Admitted in District of Columbia

I am writing pursuant to the Local and Federal Rules of Civil Procedure to request better responses to the Plaintiffs' Initial Request for Admissions directed to your client, Howard Crompton. Specifically, your response to requests 9 and 10 are non-responsive in that they do not fully respond to the specific request. Accordingly, I am writing to request amended responses, which specifically respond to the specific requests made.

In light of our relatively short time period for completing discovery, it will be necessary to resolve these issues as quickly as possible. Therefore, if I do not hear from you by Thursday, January 27, I will have no alternative but to move forward and seek relief from the Court.

Sincerely,

ROBERT D. PELTZ
RDP/bl
