Heat Related Incidents 2004 to YTD 2011

Report Date: February 22, 2011

Claim or Incident	Last Name	First Name	Incident Date	Description of Incident	Cause of Incident	Description/Type of Injury	Council/BSA Location	In Litigation
Incident	Galanis	Paul	10/17/2010	Heat exhaustion during hike, first aid on-site by volunteer nurse, and transportation by ambulance to local hospital.	Illness	Heat Prostration	751-Northwest Suburban	
Incident	Connacher	Lyle "Pork"	7/24/2010	While serving as a National Jamboree Staff Member, became disoriented. Sought medical treatment from Jamboree Staff. Treated on site and sent to a local hospital in Virginia. Diagnosed with acute dehydration. Spent 4 days in the hospital and then sent home.	Illness	Heat Prostration	538-Chief Corner	
Incident	Wecker	Jonathan	7/20/2010	The incident happened at the Nature area of Camp Childress in Diamond, Missouri. The child was also taken to the Medical Lodge at the camp. During Pack 48s time in the Nature area, Jonathan Wicker, age 10, began to have a nose bleed. This was the third time during that day he had had a nose bleed. He was taken to the medical lodge where the camp medic was unable to stop the bleeding. An ambulance was called and the youth was taken to the hospital. Later that night, the camp director found that the youth had been released. The doctor stated that the youth had become over-heated.	Weather Extremes	Heat Prostration	306-Ozark Trails	
Incident	Alexander	Jordan	7/17/2010	Heat exhaustion	Illness	Nausea	328-Las Vegas Area	
Incident	Ashbridge	Joseph	7/14/2010	Heat exhaustion	Environmental Temp Extremes	Heat Prostration	Philmont - Program
