**Subject:** Adelman v. BSA

Gentlemen:

I have reached a tentative agreement with the Department of Interior and Justice Department to produce the following witnesses for depositions regarding the areas covered by my letter of April 28, which was an exhibit to our Touhy appeal:

1. Gary Shreffler (Big Cypress Preserve)
2. Drew Gilmore (Devils Tower, Wyoming)
3. Wynn Carney (Denali National Park, Alaska)
4. Garnett Tritt (Tennessee)

There may be some additional witnesses, but for the time being this is who they have agreed to produce.

We can take Ranger Shreffler's deposition at Big Cypress Reserve. Since the areas of testimony for Drew Gilmore and Garnett Tritt will be very limited, I would suggest that we consider some form of video conferencing or phone. I will also explore whether there is any type of videoconferencing available for Mr. Carney.

In the meantime, please provide me with some dates regarding your availability so that we can start to schedule these depositions.

Bob
