**Subject:** RE: Adelman: Correspondence

Drew,

I have not received a response to my correspondence sent several days ago regarding the issue that your subpoena exceeds the scope of the discovery permitted by the orders previously entered by Judge Goodman and Judge McAliley. At that time I requested assurances that you would not seek the production of documents outside the scope of these orders or attempt inquiry outside the scope of these orders. Although you have scheduled the deposition for next week, I still have not received a response. Please promptly provide a response so that it is not necessary to file a motion for protective order.
