Kevin,

I am forwarding the affidavits, which have been executed by Howard and Judith, who are presently traveling up north. Please let me know if there is anything else you need in compliance with the Court's order. As you know I will be in Nashville tomorrow at a deposition in this case. My clients will be leaving the New York area tomorrow and going to a somewhat remote mountain area where cell and internet service is problematic at best. Therefore, if you need anything else please let me know immediately.

Bob
