My objection to this settlement is in regard to the amount awarded to each person in the class. I am a senior citizen who was unknowingly signed up in a protection plan for 2 years without ordering it. I was charged between \$10-\$15 per month. When i tried to discontinue it I had to jump through hoops to do so and I was charged for that extra time also. This "settlement" does not even begin to address my losses.

Sincerely yours,

Marilyn Beardsley
