Subject: Oxford/GSU - Maymester ERes Report

Laura,

Thank you for speaking with me on the phone this morning. I write to confirm my request that Defendants produce an updated Maymester ERes report now that the Maymester has concluded. As we discussed on the phone, Plaintiffs would like to receive the updated report within ten days, if possible. We appreciate Defendants' earlier production of a report at from the beginning of the Maymester.

I will get back to you next week on your request that we provide Defendants with a specific date to run a Summer tern ERes report so that Defendants do not have to run multiple reports for that semester.

Have a nice weekend.

John
