FILING A CLASS ACTION LAWSUIT & NOTIFYING THE AUTHORITIES

Filing a Rip-off Report™ is important because you are helping us to help you, and others like you, achieve justice. We are able to accomplish this by working with the proper authorities for prosecution, and working with lawyers by using your report to help organize lawsuits. It is important that you know that your information is held strictly confidential, and your identity is protected by the First Amendment of the US Constitution.

We will contact you if a lawsuit is being considered or has been filed which you may want to be a party to. The more reports filed on a company or individual, the more likely it is that the authorities and attorneys will want to take action.

as a very valuable negotiating tool. Include in your negotiation that you have the ability to UPDATE your Report and reflect their good business practices by explaining that their eagerness to satisfy the complaint and make things right will be seen by the entire world. Also, explain that failure to respond/rectify the situation will also be seen.

YOU MUST NOT call them threatening to file a report if they do not comply with your demands, this may be construed as blackmail! You must first file a Rip-off Report™, then fax them a copy, offering them a chance to rectify the wrong that they did to you. Explain that then, and only then, you will UPDATE your Rip-off Report™ in a positive way; if deserved.

ORGANIZING CLASS ACTION LAWSUITS VICTIMS & LAWYERS, WHO WANT TO SUE COMPANIES OR INDIVIDUALS REPORTED

Victims & attorneys who are interested in pursuing litigation against a particular company reported on this website may contact us directly. It is inappropriate to solicit business using this website other than through prior arrangement. This is largely because we need to ensure, the best we can, that our readers are not being taken advantage of again.

If you see a company with a good number of Rip-off Reports™, we have the database of contact information. We will e-mail those victims to contact you. Often we have additional information which does not appear on the victims Rip-off Report™. We receive thousands of e-mails weekly on Rip-off businesses. We also have contact data on many of those victims as well.

IT'S MORE IMPORTANT TO FILE ON RIP-OFF REPORT™ THAN WITH BBB & WE'RE JUST AS IMPORTANT AS ATTORNEYS GENERALS AND INVESTIGATIVE AGENCIES

Many government sites (and the BBB) are only in place to collect all the information from you, the consumer; in most cases, never making it available for others to see. Listing your complaint on many government sites is usually no better than filing with the Better Business Bureau (BBB). In fact, utilizing such sites is often just a waste of time; giving you false hope. Perhaps most frustrating is that the federal agencies tasked to investigate these disreputable enterprises receive tax dollars to do so, yet come to badbusinessbureau.com for the results of our investigations and data, which we collect at no cost to the consumer while benefiting them.

By failing to make this information available publicly, it makes it harder for consumers to get educated about exactly what scams they should watch for. In addition, when these agencies fail to make these individual complaints public, consumers are robbed of the opportunity to know how bad a company or Individual really is, and why.

On the other hand, many government agencies have and do come to the Rip-off Report™ for information. We have assisted, and continue to

assist many government agencies for some time now, including local and state police departments, the FBI, FTC and Attorney General offices from around the country

Since all the Reports are out in the open for everyone to see, in a way, this embarrasses these agencies into doing something about these scams when they see so many Reports on a Company or Individual.

Unfortunately, many (not all) Attorney General Offices and government agencies will not move against a rip-off unless there will be some sort of publicity, associated with some political hay to be made. Additionally, they normally won't take action if the Rip-off does not exceed \$50,000. However, your reports have helped to change this. Reporting your experiences on Rip-off Report™ is the next best thing to getting your story on TV or in a newspaper. In fact, many national TV networks and several local TV stations from all around the country come to the Rip-off Report™ for information. They do this because they know that the BBB, Attorney Generals, and other agencies are not reliable or cooperative sources when compared to Rip-off Report™. News stations know that they will get information from us that are unobtainable elsewhere.

Rip-off Report™ has instigated many local and national stories that have resulted in help for victims worldwide, in one way or another. Now that the government has cut back spending even more in this area, this dollar amount required to get the attention of investigative agencies will likely get even higher. This means that we can expect even less action since fewer people and resources will be available to work

WHY THE RIP-OFF REVENGE?

I have created the **Rip-Off Revenge™** as a way to empower people with honest grievances to take action on them.

In our society today, lawyers, & businesspeople are often more concerned about what they can get away with than what is fair. Misuse of power like that upsets me! They say it's all "business". They take away the personal values of honesty and integrity and show no mercy except maybe some token political correctness. It's time for people who have been taken advantage of to get honest attention!

"I was extremely discouraged after being taken by a fraudulent financial entity. What's worse is that I was so embarrassed that I would not have taken action even if I knew how to. Luckily, I read the preview edition of Rip-off Revenge™ guide. Not only did the book help me to realize that I had nothing to be ashamed of, it allowed me to obtain full retribution. Without the Revenge Guide, I would have been lost. Thank you Rip-off Report for taking the time to construct such a wonderful book!"

me sounded like a rip-off. I was without a vehicle because I paid for repairs to my car that was never done. The garage manager kept insisting they replaced everything they charged me for. Being without a car gave me the determination I needed to start the steps in the guide book. I followed your instructions and can't believe what satisfaction it gave me! I was almost disappointed when the garage manager agreed to repair my car again and was refunding the money I already paid. I think consumers let so many things "slide by" because we are unsure of what to do. I never could have done it without your step by step instructions. I was able to get what was rightfully mine all legally without the expense of an attorney. It sure worked for me! Thank you very much"

"As an attorney, my experience has been that the justice system is usually the best way to right a wrong. Unfortunately, the process can be too expensive and time consuming to address some situations. Recently, I found myself in such a situation so I turned to the
