Dear Mr. Baker:

Enclosed please find a copy of Judge Zagel's minute entry entered on August 28, 2008 granting in part and denying in part our motion for fees and costs. Reviewing the ruling, which grants 83% of attorney fees related preparation of our initial Motion for Summary Judgment, our client is due a payment from plaintiff Michael Mach in the following amounts:

Invoice 10/03/07	\$3,745.00	
Invoice 01/04/08	\$4,182.50	
Invoice 04/04/08	\$7,192.50	
	\$15,120.00	($\$15,120 \times .83 = \$12,549.60$)

Allowed Costs

Fees:	\$12,549.60
Costs:	<u>\$2,663.01</u>
	\$15,212.61

Enclosed for your review are copies of the invoices setting out our work required to draft the initial Motion for Summary Judgment. I have circled the time entries we consider taxable based on Judge Zagel's order. Calculations of the total hours and connected legal fees incurred appear towards the end of the invoice.

We are currently reviewing the issue regarding the photocopying charges of \$1,684.02, and do expect to make a submission to Judge Zagel for these costs. Nevertheless, while this issue remains pending, we do ask that your client make immediate payment of the \$15,212.61 documented above.

Thank you.

Very truly yours,

Terrence R. Guolee
