THIRD AMENDED CLASS ACTION COMPLAINT IN LAW AND EQUITY

VULCAN GOLF, LLC, JOHN B. SANFILIPPO & SON, INC. (“JBSS”), BLITZ REALTY GROUP (“BLITZ”), and VINCENT E. “BO” JACKSON (“JACKSON”), Lead Plaintiffs, on behalf of themselves and all others similarly situated, pursuant to Rule 23 of the Federal Rules of Civil Procedure, by and through their undersigned Counsel of Record, complain and allege, upon information and belief, except as to those paragraphs applicable to the named Lead Plaintiffs, which are based on personal knowledge, against Defendants GOOGLE INC. (“GOOGLE”), OVERSEE.NET (“OVERSEE”), SEDO.COM, LLC (“SEDO”), DOTSTER, INC. (also known as) REVENUEDIRECT.COM (“DOTSTER”), and INTERNET REIT, INC., doing business as IREIT, INC. (“IREIT”), as follows:

I. NATURE OF THE ACTION

1. This case involves a shockingly deceptive internet-based modern day racketeering scheme (“Deceptive Domain Scheme”) that is being intentionally carried out by Defendants through the use of sophisticated and proprietary technology/software that allows them to generate and transact in billions of dollars in ill-gotten advertising and marketing revenue annually from blatant and intentional violations of federal and state laws that govern the domain name system (DNS), Internet-based commercial/business practices, intellectual property and trademark rights, and related laws. In a nutshell, the scheme uses illegal domain names on the Internet to generate and transact in billions of dollars of revenue, at Lead Plaintiffs’ and the putative Class Members’ expense.

2. The illegal domains are referred to herein as “Deceptive Domains” and are monetized domain names that are the same or confusingly similar to Lead Plaintiffs’ and the putative Class Members’ venerable, valuable, protected, distinctive and famous, registered and common law names, marks, trade names, logos, famous names, and other distinctive/valuable marks (“Distinctive and Valuable Marks”). Deceptive Domains are central to Defendants’ massive scheme to generate and transact in money from the knowing diversion of and monetization of Internet traffic.

3. The Deceptive Domain Scheme consists of, but is not limited to, the following actions: (1) the deliberate registration, trafficking, license, use and monetization of Deceptive Domains; (2) the deliberate hijacking, redirecting, dilution and infringement of Distinctive and Valuable Marks; (3) the deliberate creation and promotion of an illegal aftermarket for the resale of Deceptive Domains; (4) the deliberate tasting and kiting of Deceptive Domains; (5) the

deliberate cybersquatting and typosquatting; (6) the derivation, use and generation of illegally obtained money/revenue/profit from their illegal and deceptive action; (7) the investment and transaction in the money and property obtained from their illegal actions; (8) the illegal use and intentional diminution of Lead Plaintiffs' and the putative Class Members' valuable property rights and interests; and, (9) the other related actions and omissions intended to generate revenue from the unauthorized, improper, and illegal use/infringements/dilution/misappropriation of Lead Plaintiffs' and the putative Class Members' property.

4. Defendants' scheme is being conducted through strategically contrived automated software/programs that mask the massive and intentional scale of the second-by-second, 24-hour, 7-day/week, scheme that produces ill-gotten money from Internet advertising and marketing generated by the use of Deceptive Domains that are identical to, substantially similar to, or confusingly similar to Distinctive and Valuable Marks, for their own commercial gain.

5. Defendants use semantics software programs to understand the "meaning" of Distinctive and Valuable Marks, and what goods and services are associated with those marks, and then register/license/traffic-in/use Deceptive Domains to generate revenue from advertisers that pay for advertising, usually competitor or identical or substantially similar products/services, in blatant violation of federal and state law. The process of generating revenue from the use of Deceptive Domains is referred to as "monetization" of domains.

6. Defendants have the practical ability to add filtering devices to their software to block Deceptive Domains without degrading the system's ability to provide advertising on appropriate legal and non-infringing domains, but willfully turn a blind eye, and simply refuse to implement said filtering and blocking devices.

7. Defendant Google is integral to, controls, and directs the Deceptive Domain Scheme, in part, in the following ways:

- a. Defendant Google creates, devises, contracts for, arranges, places, collects revenue from, monitors and otherwise controls almost all of the revenue-generating, advertising and marketing involved in this lawsuit (“Google Adwords Advertising”);
- b. Defendant Google contrived, created, monitors and controls the largest internet advertising network in the world (“Google Network” as defined herein) providing the exclusive mechanism by which AdWords Advertisers can “reach” three out of every four internet users in the world;
- c. Defendant Google controls and proscribes membership and participation in the Google Network;
- d. Defendant Google effectuates the illegal Deceptive Domain Scheme by controlling both the AdWords Advertisers’ access to domains/sites/video/search results on the internet (that are members of the Google Network), and then in turn controlling the Google Network’s access to the AdWords Advertisements. Both must comply and agree to all terms and conditions proscribed by Defendant Google ;
- e. Defendant Google contractually restricts parking companies, domain registrants, licensees and aggregators from placing any advertising or marketing, other than Defendant Google AdWords Advertising, on their sites as a term of participation in the Google Network;
- f. Defendant Google created, within the Google Network, a hierarchical system in which all decision-making is directly or indirectly under its control, and that requires small domain portfolio owners/licensees and aggregators to license and monetize their sites only derivatively through the parking companies (or a select few Google-approved members of the Google Network) and to share revenue with the parking companies;
- g. Defendant Google exclusively collects, deposits, and distributes the advertising revenue generated from AdWords advertisements on the Google Network. Only Defendant Google knows exactly how much revenue is generated from which AdWords advertisements, and “where” it was generated throughout the Google Network;
- h. Defendant Google determines which parking companies, domain registrants, domain licensees, and domain aggregators can monetize domains, monetize

Deceptive Domains, and/or otherwise participate in the Google Network and the Deceptive Domain Scheme;

- i. Defendant Google controls the creation, placement and revenue generated from each AdWords advertisement throughout the Google Network; and
- j. Defendant Google's proprietary software and technology is used to generate AdWords advertising content, direct and place AdWords advertising, transact in the money generated from the AdWords advertising, generate and distribute reports related to the monetization of domains/sites/video/search results in the Google Network, as well as all other aspects of the Deceptive Domain Scheme.

8. Defendants have actual and constructive knowledge of the illegal actions alleged herein and materially contribute to the illegal actions alleged herein, by among other things, contriving, designing, inducing, encouraging, facilitating and producing the networks, functions, and programs that result in the proliferation of the infringements.

9. Defendants receive and will continue to receive direct financial benefits from the Deceptive Domain Scheme.

10. As a direct and proximate result of Defendants' unlawful conduct and illegal conspiracy, Lead Plaintiffs and putative Class Members have suffered injury to their businesses and property, suffered economic harm, and continue to be otherwise injured and damaged by Defendants' ongoing illegal conduct set forth herein.

11. Lead Plaintiffs and putative Class Members also have, and will continue to have, their reputation and value of their Distinctive and Valuable Marks diminished/diluted as a direct result of Defendants' ongoing Domain Scheme and other unlawful activity alleged herein.

12. Therefore, Lead Plaintiffs bring this thirteen (13) Count class action complaint pursuant to Rule 23 of the Federal Rules of Civil Procedure on their own behalf and on behalf of

a class (the “Class”) of similarly situated entities and individuals against Defendants under the Lanham Act, *15 U.S.C. § 1051 et seq.*; the Anticybersquatting Protection Act, *15 U.S.C. § 1125(d)*; trademark infringement under *15 U.S.C. § 1114(1)*; false designation of origin under *15 U.S.C. § 1125(a)*; dilution under *15 U.S.C. § 1125(c)*; Racketeering Influenced Corrupt Organizations Act violations under *18 U.S.C. § 1962(a), (c) and (d)* (“RICO”), Interference with Prospective Economic Advantage, Common Law Trademark, Contributory Trademark, Vicarious Trademark, Unjust Enrichment, and Civil Conspiracy.

II. JURISDICTION AND VENUE

13. This Court has original federal question jurisdiction over this action. This Complaint is brought against Defendants under the Lanham Act, *15 U.S.C. § 1051 et seq.*; the Anticybersquatting Consumer Protection Act, *15 U.S.C. § 1125(d)*; trademark infringement under *15 U.S.C. § 1114(1)*; false designation of origin under *15 U.S.C. § 1125(a)*; dilution under *15 U.S.C. § 1125(c)*; Racketeering Influenced Corrupt Organizations Act violations under *18 U.S.C. § 1962(a), (c) and (d)* (“RICO”), to recover treble damages and the costs of this suit, including reasonable attorney’s fees, for injunctive and equitable relief, and for the damages sustained by Lead Plaintiffs and the members of the Class by reason of Defendants’ violations of federal law as more fully set forth hereunder.

14. This Court has jurisdiction over this action pursuant to *28 U.S.C. §§ 1331, 1337, and 1338, 18 U.S.C. §§ 1961, 1962, 1964*, and other applicable federal statutes.

15. This Court has supplemental jurisdiction over the claims in this Complaint that arise under state statutory and common law pursuant to *28 U.S.C. § 1367(a)* because the state law claims are so related to the federal claims that they form part of the same case or controversy and

derive from a common nucleus of operative facts.

16. This Court has *in personam* jurisdiction over each of the Defendants, as each was engaged in federal cybersquatting violations and trademark infringements that were directed at and/or caused damages to persons and entities residing in, located in, or doing business throughout the United States, including the Northern District of Illinois.

17. This Court has *in personam* jurisdiction over each of the Defendants, as each was engaged in RICO violations, committed RICO predicate acts, was involved in a RICO conspiracy, that was directed at and/or caused damages to persons and entities residing in, located in, or doing business throughout the United States, including the Northern District of Illinois.

Venue is proper in this judicial district pursuant to *15 U.S.C. § 22, 18 U.S.C. §1965(a), and 28 U.S.C. § 1391(b) and (c)* because, during the Class Period, Defendants resided, transacted business, were found, or had agents in this district, and because a substantial part of the events giving rise to Lead Plaintiffs' claims occurred, and a substantial portion of the affected interstate trade and commerce described below has been carried out, in the Northern District of Illinois.

19. No other forum would be more convenient for the parties and witnesses to litigate this action.

V. **BACKGROUND ALLEGATIONS**

84. Internet users are well-accustomed to “domain names” which identify computers on the Internet and the websites available on those computers. To reach a website a user types that site’s domain name into the user’s web browser.

85. Each domain name must be unique, even if it differs from another domain name by only one character (e.g., “vulcangolf.com” is different from “volcangolf.com” or “wwwvulcangolf.com”).

86. A domain name can be registered to only one entity, the “domain registrant.”

87. A domain registrant must pay an annual fee to a registrar for the domain name.

88. As described by Network Solutions, one of the preeminent domain registration companies:

A domain name is really just your address on the Internet. It’s where people can find you, and it serves as your online identity. Businesses typically register domain names with their company name and sometimes also register their product names. Individuals often register family names or names that have a personal interest to them.

Domain names have two parts: the label and the extension, or top-level domain, separated by a ‘dot.’ In NetworkSolutions.com, ‘NetworkSolutions’ is the label and ‘com’ is the top-level domain.

89. A significant number of domain names are inadvertently misspelled by internet users, creating a large market for “typo” domain names that exploit and monetize typo traffic at the mark holder’s expense. This practice, known as [typosquatting](#), is estimated to cost mark holders millions of dollars each year in lost revenues and fraud.

A. General Background--Defendant GOOGLE

i. Defendant Google’s Operations

90. Defendant Google creates, develops, sponsors, promotes, maintains, manages, and directs the largest single online marketing/advertising business in the world.

91. In 2004, 2005, and 2006, Defendant Google generated approximately 99% of its annual revenue from its AdWords advertisers (See 2006 Google 10K at 20, 38 and 40).

92. Much of the AdWords advertiser revenue is generated from “cost-per-click/pay-per-click (CPC/PPC)” advertising wherein the AdWords advertiser pays for each “click” on a particular advertisement displayed on the Google Network. Aggregate paid clicks on Google Network sites increased by 65% from year-end 2005 through year end 2006 (*See* 2006 Google 10K at 43).

ii. *Defendant Google’s AdWords Program and the AdSense Network*

93. Defendant Google utilizes its power and control over the AdWords Program, in conjunction with its power and control over the Google Network, in effectuating the Deceptive Domain Scheme described herein.

94. Defendant Google’s AdWords Program is an automated auction-based advertising program that places advertisements throughout the Google Network.

95. Since approximately January 2002, Google AdWords advertisers have paid Defendant Google for advertisements on a CPC/PPC basis. (*See* 2006 Google 10K at 38). That is, AdWords advertisers pay Defendant Google each time an AdWords advertisement is clicked.

96. Defendant Google offers AdWords advertisers a number of other types of Internet advertising and marketing options, with varying payment options, *for advertisements placed throughout the Google Network.*

97. In order to attract AdWords advertisers, thus exponentially increasing revenue, Defendant Google has to be able to offer an appealing internet “reach,” which is measured by how many internet users it is capable of reaching. Defendant Google can only offer that reach through utilization of the Google Network.

98. Defendant Google's strategic creation and control over the Google Network allows it to maximize revenue by offering AdWords advertisers access to its extensive Google Network of domains/sites/video/search results on which advertisements can be displayed to internet users.

iii. Google AdSense for Domains Network

99. The Google Network is comprised of a number of persons and programs, including the Google AdSense for Domains Network. Google created, designed and implemented the Google AdSense For Domains Program for the purpose of dramatically increasing AdWords advertising revenue by monetizing "parked, non-content" sites that exclusively contain Defendant Google CPC/PPC advertisements. Defendant Google AdSense for Domains is only for undeveloped/parked domains.

100. When an internet user arrives at a domain/site participating in the AdSense® for Domains Network, Defendant Google is almost certain to generate AdWords advertising revenue because every link on the landing page is a revenue generating CPC/PPC link.

101. Defendant Google's AdSense Program is the most successful revenue-generating program within the Google Network for generating AdWords advertising revenue. Defendant Google has millions of domains under its direct or indirect license, use, control, and management, including Deceptive Domains, through its AdSense for Domains program.

102. Defendant Google approves and controls the participation of every domain in the Google Network, including the Google AdSense for Domains program, via a number of different written agreements. Defendant Google requires, as a term of participation in the Google

Network, that each participant make Defendant Google the authorized licensee of every domain/site that will be participating in the Google Network.

103. Defendant Google uses a Google Services Agreement and GSA Order Form Terms and Conditions, as well as other written instruments to contract with the Parking Company Defendants and other Google Network members. Each Parking Company Defendant has entered into a substantially similar agreement with Defendant Google. However, said Agreements are not publicly available and are under the exclusive possession and control of Defendants in this action. However, one Parking Company Agreement, which is substantially similar and uses the standard template agreement, is the publicly available agreement between Defendant Google and the Parking Company, NameMedia, Inc, (“NameMedia Agreement”), which can be found at <http://www.sec.gov/Archives/edgar/data/1391323/000095013507007513/b64222a1exv10w10.html> Each Parking Company Defendant has entered into agreements with Defendant Google that contain the following identical and/or substantially similar provisions as found in the in the NameMedia Agreement:

6.2. Operation of AFD Services. For any and all AFD Queries received by Customer from End Users, Customer shall (without editing, modifying or filtering such AFD Queries individually or in the aggregate) send such AFD Queries to Google via the AFD Protocol. Without limiting the foregoing, in order to be deemed a “Valid Domain Query”, each such Domain Query sent to Google (a) must be from a Valid IP Address; (b) must contain a Client ID; (c) must include [***] and [***]; and (d) must be [***] in conformance with the [***] and other requirements of this Agreement. **Upon Google’s receipt of a Valid Domain Query as described above, Google will transmit to Customer an AFD Results Set, via Google’s network interface using the AFD Data Protocol. Customer shall then display, in each instance, the entire AFD Results Set that corresponds to such Domain Query, without editing, filtering, reordering, truncating or otherwise modifying such AFD Results Set. Google will not be responsible for receiving any AFD Queries directly from End Users or any other third party, for transmission of data between Customer and Google’s network interface, or for displaying any applicable AFD Results Set(s) to End**

Users. Google may, at its sole discretion, cease or suspend delivery of Paid Results in response to any Domain Query transmitted by Customer hereunder and will endeavor to provide notice of cessation or suspension to Customer where reasonably practical. All Landing Pages and AFD Results Pages will be hosted and served to End Users by Customer on the Sites in accordance herewith.

6.4.1. Third Party Sites. Notwithstanding the terms to the contrary contained in the GSA, Customer may additionally transmit AFD Queries to Google hereunder which originate not from Authorized Names, but from End Users accessing Third Party Sites. For the purposes of this Section, a “**Third Party**” is either (a) a Registrant (as defined in the GSA) or **(b) an entity duly, expressly and exclusively authorized by each of the Registrant(s) of a URL, through a valid and fully enforceable written or click-through agreement with each such Registrant, to permit Customer, and in turn Google, to use the URLs in performing the Services, that has entered into a fully enforceable written or click-through agreement with Customer to provide advertising, search results, and/or hyperlinked keyword or category listings in connection with URLs owned or parked with the Third Party (“Third Party Sites”).** As used in the Order Form and GSA. Authorized Name shall be deemed to include Third Party Sites. Customer shall implement a separate tracking ID, as specified by Google, for Queries originating from Third Party Sites. (emphasis added)

104. Defendant Google knows, condones, and ratifies the use and monetization of parked domains with AdWords advertisements, in its Google AdSense for Domains program, that are Deceptive Domains, as defined herein. Defendant Google places AdWords advertisements, on Domains in the AdSense for Domains program, based upon the meaning of the domain name. As explained by Defendant Google: “AdSense for domains delivers targeted, conceptually related advertisements to parked domain pages by using Google’s semantic technology to analyze and understand the meaning of the domain names.”
<http://www.google.com/domainpark/>

105. Defendant Google provides a number of tools, instructions and other directives that enable partners in the AdSense for Domains Network to redirect internet traffic from the

domain names they own and/or control to Defendant Google's AdSense for Domains Program, where Defendant Google causes revenue generating AdWords advertisements to resolve.

106. Defendant Google processes all domain names in the Google Network, including but not limited to those participating in the AdSense for Domains Program, using Defendant Google's sophisticated semantic technology.

107. Defendant Google's semantic technology analyzes and understands the meaning of each domain names, including determining what "internet users" will likely be looking for when they type in said domain.

108. Defendant Google also generates the HTML code and/or XML feed used to display the AdWords advertisements throughout the Google Network. .

109. HTML refers to "*Hypertext Markup Language*," a language used for the creation of web pages.

110. Defendant Google's HTML contains paying Defendant Google advertisers, such as pay-per click advertisers, and related ad categories, which when clicked on bring up more Defendant Google advertisers.

111. Defendant Google and other Google Network Members, including but not limited to the Parking Company Defendants, collaborate in the placement of AdWords advertisements on domains/sites and in the design/optimization of the landing pages associated with those domains/sites.

112. When an internet user clicks on one of the AdWords ads, Defendant Google, and one or more various other Google Network participants, including but not limited to Parking

Company Defendants and/or another third parties, may share in the revenue Defendant Google collects from the AdWords advertiser.

113. To encourage Internet users to click, Defendant Google, and in some instances other Parking Company Defendants, use technologically advanced targeting solutions that intelligently select the most relevant AdWords ads and/or advertising categories for a specific domain/site.

114. Defendant Google's semantic technology and targeting solutions increase the click through rate (CTR), and therefore the total revenue generated.

115. Defendant Google may augment its semantic technology with manual and automated optimization techniques.

116. Defendant Google utilizes software and other technology to provide comprehensive online per-domain reporting to help Google Network members to analyze their portfolios and improve overall performance, such as: which Google Network member licensed the domain to Defendant Google; how many page views each domain gets; how much money each domain generates from clicks on the ads; and, how many unique users each domain gets.

117. Defendant Google represents to Google Network Members that they will maximize revenue from parked domains through participation in Defendant Google's AdSense for Domains Program. More specifically, Defendant Google expressly promises owners/licensees/aggregators/parking companies that Google will provide sage advice to optimize revenue from parked domains.

118. The Google Network redirects internet traffic using “masked” (also known as “stealth”) redirection which hides the destination URL.

119. Defendants use redirection, framing, masking, or other methods to prevent or deter even sophisticated users from identifying or confirming their actions in and/or participation in the Deceptive Domain Scheme.

120. When using masked redirection, the actual Defendant Google destination URL is concealed from the user who continues to only see the domain name which the user typed in the address bar.

121. Defendant Google processes the Deceptive Domain traffic through several Google domain names, including, but not limited to: googlesyndication.com; appliedsemantics.com; oingo.com, apps5.oingo.com; and, domains.googlesyndication.com.

122. On an ongoing basis, Defendant Google reviews and monitors every domain/site in the Google Network and that shows AdWords advertisements.

123. Defendant Google exclusively manages relationships and communications with the AdWords advertisers.

124. Defendant Google contracts, bills, collects, and distributes all revenue generated from AdWords advertisements on the Google Network.

125. In most instances, Defendant Google distributes, divides, and/or otherwise shares the revenue generated from AdWords Advertisements displayed throughout the Google Network, with one or more person in the Google Network. Defendant Google shares in the revenue from every AdWords Advertisement displayed anywhere on the Google Network. All other Google

Network members only share revenue from certain AdWords Advertisements that relate to said Google Network member.

126. Only Defendant Google is allowed to change any of the advertising data Defendant Google provides via the HTML page (if the domain is hosted by Defendant Google) or XML feed to the Google Network.

127. Defendant Google has the control, authority, and ability to block any Google Network domain/site/video/search result from displaying an AdWords advertisement.

128. Defendant Google and all of the Parking Company Defendants knowingly monetize and utilize Deceptive Domains for commercial gain.

129. All Defendants knowingly generate, and then transact in, revenue generated from monetization of Deceptive Domains.

B. General Background -The Parking Company Defendants

130. For purposes of this Complaint, Defendants Oversee, Sedo, IREIT and Dotster are referred to collectively as the “Parking Company Defendants.”

131. Each Parking Company Defendant is in the business of, registering domains, licensing domains, parking domains, monetizing domains, aggregating domains, auctioning/reselling domains, brokering domains and/or coordinating, facilitating and/or offering solutions for monetization of domains, with many of those domain names being Deceptive Domains.

132. Each Parking Company Defendant has knowingly and intentionally engaged in the Deceptive Domain Scheme, as set forth herein, and has derived commercial gain from its participation.

133. Defendant Google and the Parking Company Defendants contrived, participated in, and implemented a scheme where small domain portfolio owners cannot directly participate in Defendant Google's AdSense for Domains Network, but are required to utilize a parking aggregator, such as one of the Parking Company Defendants.

134. Defendant Google and the Parking Company Defendants enter into contracts, licenses, and other agreements where Defendant Google authorizing the Parking Company Defendants participation in the Google Network in exchange for a share or all revenue derived from AdWords advertisements displayed on domains/sites under the Parking Company Defendants' license, registration, ownership and/or other control.

135. The Parking Company Defendants enter into license agreements with other third party domain registrants and website owners for the license and rights to control, monitor, maintain, use and place advertising on the third party domains, including Deceptive Domains.

136. Every domain/site in the Google Network is under the direct license of Defendant Google, the Parking Company Defendants, and/or other Google Network Member.

137. Defendant Parking Companies enter into agreements with Defendant Google and license to Defendant Google the rights to control, monitor, maintain, use and place advertising on all of the domains under the Parking Company's control, including Deceptive Domains.

138. Defendant Google requires “exclusivity” and “loyalty” from the Parking Company Defendants, and the other participants in the Google Network.

139. Once the Parking Company Defendants license a domain, the following generally occurs:

- a. The Parking Company Defendant redirects the domains through to Defendant Google;
- b. Defendant Google processes the domains through the Defendant Google AdSense for Domains Program, utilizes semantics and other proprietary programs/software to analyze the meaning of the domain names, analyzes the Internet traffic to said domain (identity of, volume, etc.), and identifies/selects revenue maximizing advertisements from the Defendant Google AdWords program to be placed on the domains;
- c. Defendant Google then returns the results to the domains via XML feed;

- f. The Parking Company Defendants share revenue with the third party domain registrants; and
- g. The Parking Company Defendants provide the third party domain registrants with activity reports for each domain.

140. The Parking Company Defendants, as well as Defendant Google, each has access to semantics software and other technologies that allow them to identify Deceptive Domains.

141. All Defendants knowingly refuse to identify or attempt to identify Deceptive Domains and/or to utilize software and technology available to identify Deceptive Domains.

142. All Defendants intentionally taste, kite, register, and otherwise assist domain registrants in procuring Deceptive Domains for the express purpose of monetization in the Google Network with AdWords advertisements.

143. The Parking Company Defendants typically instruct third party domain registrants to do URL forwarding using frames, a practice commonly known as “framed forwarding, masking, or stealth.” Such forwarding further impedes identification of the parties responsible for the Deceptive Domain.

144. All Defendants actively traffic in, uses and/or licenses Deceptive Domains, in furtherance of the Deceptive Domain Scheme alleged herein.

145. The Parking Company Defendants intentionally and knowingly register Deceptive Domains, through the use of proprietary methods/tools by which they can determine the domain names that internet users are attempting to access, but which domain names have not been registered by any entity, and they then register these recurring mishits or mistypes.

146. All Defendants engage in typosquatting, in furtherance of the Deceptive Domain Scheme alleged herein.

150. Defendant Google and the Parking Company Defendants participate in trade organizations and informal associations in furtherance of their conspiracy.

151. Defendant Google acts as a “Featured Sponsor” for invitation-only conferences attended by Parking Company Defendants and individuals who own Deceptive Domains, and Defendants use said to meet and further their conspiracy.

VI. THE DECEPTIVE DOMAIN SCHEME

152. All Defendants conspired to commercially profit/gain and transact in money derived from the Deceptive Domain Scheme, set forth in detail in the allegations herein, including, but not limited to, the following:

- a. Intentionally and deceptively tasting, kiting, registering, licensing, monetizing and utilizing Deceptive Domains that are identical or confusingly similar to or dilutive of the Lead Plaintiffs’ and other members of the Class’s Distinctive and Valuable Marks;
- b. Intentionally and deceptively redirecting Internet traffic to Defendants’ Deceptive Domains that contain “pay-per-click/cost-per-click” (herein “PPC” or “CPC”) or similar HTML links/advertising;
- c. Utilization of semantics programs, algorithms, statistical tools, and other software designed and intended to maximize revenue by “intelligent placement” of Internet advertisements on Deceptive Domains, as well as identifying and facilitating revenue maximizing Internet traffic redirection;
- d. Redirection of Internet traffic to paid HTML links/advertising, and away from the legal and rightful owners of Distinctive and Valuable Marks;
- e. Defendants’ use of false and misleading WhoIs domain registration data in an attempt to conceal their identities and wrongful conduct;

- f. Defendants' knowing and intentional use of Lead Plaintiffs' and the Class' Distinctive and Valuable Marks for the purpose of Defendants' own commercial gain;
- g. Defendants' knowing creation of an illegal domain aftermarket for Deceptive Domains;
- h. Intentionally and knowingly causing confusion, dilution and misuse/misappropriation of Lead Plaintiffs' and other members of the Class' Distinctive and Valuable Marks; and
- i. Intentionally conspiring to generate, collect, distribute, and otherwise transact in illegally gained money.

153. Each of the named Defendants, and the other unnamed Co-conspirators, knowingly and intentionally engage in the Deceptive Domain Scheme set forth herein for the purpose of directly profiting and unjustly obtaining revenue/money/commercial profit/gain, that they could not otherwise obtain, but for the illegal and criminal acts of infringement, dilution, diminution, misuse, misappropriation, unauthorized association, and other unauthorized use of Lead Plaintiffs' and the Class' Distinctive and Valuable Marks.

154. Defendants' common purpose in registering, licensing, using, and monetizing Deceptive Domains, and otherwise engaging in the Deceptive Domain Scheme alleged herein, is to profit from the confusion between the Deceptive Domains and the Lead Plaintiffs' and the Class' Distinctive and Valuable Marks.

155. Defendants have a primary financial interest in the exploitation of Plaintiffs' and the Class Members' distinctive and valuable marks.

156. Defendants are the primary beneficiaries of the infringements and illegal conduct alleged herein.

157. Defendants facilitate, encourage, promote, allow, enable and otherwise permit the illegal conduct alleged herein, in the course of their businesses and through the operation of the RICO Enterprise.

158. Defendants maintain the right, power and ability to control, edit, alter, modify and maintain the software used in the Deceptive Domain Scheme.

159. Defendants fail to exercise their policing obligations to the fullest extent, fail to utilize and implement available filtering and blocking technologies, and otherwise have engaged in a pattern of direct and intentional misconduct, or willful blindness of their actions related to the Deceptive Domain Scheme, infringing activities, and other unlawful conduct alleged herein.

160. Defendants control and participate in the supply of the illegal revenue-generating services, mechanisms, technology and programs necessary to engage in the Deceptive Domain Scheme, through which the Defendants and third parties infringe the Distinctive and Valuable Marks of Lead Plaintiffs and the Class.

161. Each Defendant, through its participation in the Deceptive Domain Scheme alleged herein, has directly engaged in and/or aided and abetted in the illegal conduct alleged herein.

A. Use, License, Registration and Monetization of Deceptive Domains

162. Defendants have knowingly and intentionally manipulated the Internet domain name system for illegal commercial gain by tainting, kiting, registering, using, trafficking in or licensing Deceptive Domains, including, but not limited to, mistyped domain names (i.e., wwwvulcangolf.com) and misspelled domain names (i.e., volcangolf.com).

163. Defendants are each the authorized licensee of one or more of the Deceptive Domains utilized in the Deceptive Domain Scheme, as alleged herein.

164. Defendant Google and the Parking Company Defendants all directly, knowingly, and intentionally monetize Deceptive Domains, for their own commercial profit/gain.

165. Defendants monetize the Deceptive Domains by allowing their participation in the Google Network (i.e., various AdSense Programs), and by causing Deceptive Domains to display AdWords advertisements. For example, Defendant Google knowingly and intentionally allows tens of thousands of blatantly infringing “www” domain names into the Defendant Google AdSense for Domains Network. A “www” domain name is a domain name that starts with www but omits the period (“.”) that separates “www” from the remainder of the domain name.

166. The sole purpose of registering a “www” Deceptive Domain is to capture the Internet users who forget to type the period (“.”) between the “www” and the domain name. A user who types in “wwwvulcangolf.com” is attempting to reach “www.vulcangolf.com” but forgot to type the period (“.”) between “www” and “vulcangolf.com.”

167. “www” Deceptive Domains are obvious and easy to identify as illegal trademark infringements. Nonetheless, Defendants register, use, traffic in, and license infringing “www” Deceptive Domains.

168. The use of “www” Deceptive Domains to forward unsuspecting users to different websites was specifically addressed and identified by Congress as a deceptive practice when it passed the ACPA.

169. Another example of how Defendants monetize blatantly infringing Deceptive Domains is through the monetization of “com” domain names.

170. Like the “www” Deceptive Domains, the “com” Deceptive Domains capture the Internet users who forget to type the period (“.”) between a domain name and the “com” suffix.

The following is a small sample of “com” Deceptive Domains:

bedbathandbeyondcom.com; chevycom.com; chryslercom.com;
cocacolacom.com; discovercreditcardcom.com; disneylandcom.com;
disneyworldcom.com; ebaumsworldcom.com; espncom.com;
fordmotorscom.com; geicocom.com; homedepotcom.com; ibmcom.com;
ikeacom.com; jetbluecom.com; jcpennycom.com; kohlscom.com;
kmartcom.com; mcdonaldscom.com; musiciansfriendcom.com;
nascarcom.com; oldnavycom.com; pizzahutcom.com; randcom.com;
saabcom.com; scottrade.com; travelocitycom.com;
usairwayscom.com; volkswagencom.com; xangacom.com.

171. All of the aforementioned “com” Deceptive Domains have been monetized by Defendant Google through the Defendant Google AdSense for Domains Program in furtherance of the Deceptive Domain Scheme as alleged herein, and are just a few examples of the many Deceptive Domains that generate revenue from AdWords advertisements displayed throughout the Google Network.

172. Defendants further monetize blatantly infringing Deceptive Domains through the monetization of “http” domain names.

173. Like the “www” and the “com” Deceptive Domains, the “http” Deceptive Domains capture the Internet users who forget to type the period (“.”) between “http” and the domain name when trying to access websites of Lead Plaintiffs and the Class.

174. The following is a small sample of “http” Deceptive Domains that have been monetized by Defendant Google:

httpaarp.com, httpabc.com; httpabcgames.com; httpabckids.com;
httpabcnews.com; httpamericanexpress.com; httpamsouthbank.com;
httpautotrader.com; httpbankofamerica.com; httpbellsouth.com;
httpbestbuy.com; httpblackplanet.com; httpbordersbooks.com;
httpbratz.com; httpcareerbuilder.com; httpcapitalone.com;
httpcapitolone.com; httpcarmax.com; httpcartonnetwork.com;
httpcartoonnetwork.com; httpcartoonnetwork.com; httpchevrolet.com;
httpchevy.com; httpcircuitcity.com; httpcisco.com; httpciti.com;
httpcitibank.com; httpciticard.com and httpciticards.com.

175. Defendants know that registering misspellings and typographical variations of websites is deceptive and in violation of the ACPA and other state and federal laws.

176. Defendant Google’s Webmaster Guidelines, located at <http://www.Google.com/support/webmasters/bin/answer.py?answer=35769>, specifically criticize the use of misspellings, by stating in pertinent part:

“Quality guidelines...These quality guidelines cover the most common forms of deceptive or manipulative behavior, but Google may respond negatively to other misleading practices not listed here (e.g. tricking users by registering misspellings of well-known websites).”

In practice, Defendant Google widely ignores its supposed guidelines.

177. Contrary to the guidelines referenced in the preceding paragraph, Defendant Google actively monetizes Deceptive Domains for commercial profit/gain.

B. Domain Redirection and Concealment

178. In furtherance of the Deceptive Domain Scheme, Defendants engage in Domain Redirection.

179. Domain Redirection refers to the practice of redirecting an Internet user who types in a domain name to a completely different domain name or URL without the user's knowledge or authorization.

180. Defendant Google knows and authorizes the Defendant Parking Companies and other Google Network members to utilize masked Domain Redirection techniques to hide Defendant Google's relationship with the Deceptive Domains.

181. Defendants intentionally utilize masked redirects to prevent internet users from recognizing Defendant Google's role in placing, charging, and tracking a domain's advertising.

C. Defendants' Illusory Online Complaint System and Deceptive Public Statements

182. All of the named Defendants deceptively purport to have "online complaint" systems and procedures in which a Distinctive and Valuable Mark owner can complain to the Defendants when their Distinctive and Valuable Mark has been unlawfully infringed by another website.

183. Defendants, in furtherance of their deception and of the Deceptive Domain Scheme, audaciously suggest that Lead Plaintiffs and Class Members submit to the Defendants' devised, maintained and imposed illusory "on-line complaint" systems that effectively make Defendants the final adjudicators of their own illegal conduct, thus perpetuating the viability of their Deceptive Domain Scheme and further misleading the public into believing that the named Defendants do not support Deceptive Domains.

184. None of the named Defendants utilize any software or filtering technologies to prevent infringements or the proliferation, use, and/or monetization of Deceptive Domains.

D. Defendants Engage in Domain Tasting and Kiting

185. Domain Tasting and kiting facilitate trademark infringements, dilution, and abuse.

186. Defendants know that Domain Tasting and Kiting of Deceptive Domains is improper and facilitates trademark infringement.

187. Defendants attempt to conceal their actions concerning Domain Tasting and Kiting.

188. Defendant Google actively, knowingly, and intentionally participates in and facilitates Domain Tasting because domain names acquired by domain tasters such as the Parking Company Defendants are tested for revenue by redirecting and analyzing the domain names through Defendant Google Programs to determine their revenue potential.

189. Defendant Google routinely monetizes domains that are less than five (5) days old (are within the five (5) day grace period following registration of a domain).

190. Defendant Google is fully aware that the domain names it licenses, uses and traffics in are part of the Domain Tasting and kiting process.

191. For example, the Defendants registered and tested the following Deceptive Domains and sent them to Defendant Google's AdSense for Domains Program:

vulcangolfcalderez440.com; vulcangolfcalderez440sale.com;
vulcangolfclub.com; vulcangolfclubs.com; vulcangolfllc.com;
vulcangolfqpointeironsirons.com; vulcangolfstorelocation.com;
vulcangolftechnology.com; vulcangolfwoody.com;
vulcangolfz3hybridironsirons.com; vulcangolfclubs.com and
vulcangolfshop.com.

E. Illegal Aftermarket for Buying and Selling Deceptive Domains

192. By monetizing Deceptive Domains, Defendants have created an illegal aftermarket for the buying and selling of Deceptive Domains.

193. Deceptive Domains have recently sold for remarkable sums: myspace.com sold for approximately \$35,000; myspac.com sold for approximately \$31,000; ebumsworld.com sold for approximately \$27,000; and statefram.com sold for approximately \$9,000.

194. Using the statistics provided by Parking Company Defendants and Defendant Google, sellers of Deceptive Domains state in detail which Parking Company Defendant is licensing the Deceptive Domains, how much the Deceptive Domains make, how many visitors each Deceptive Domain gets, and how much the seller wants for the Deceptive Domain.

195. The statistics provided by Defendants also enable buyers to evaluate the purchase price of illegal Deceptive Domains, based on Defendants' own statistical revenue projections based on Defendants' monetization of the Deceptive Domains.

196. Defendant Oversee purchased the expired domain auction service Snapnames.com ("Snapnames") and uses it to monetize expiring deceptive domains.

197. After Oversee/Snapnames takes control of the domain name, Oversee/Snapnames traffics in, monetizes, and/or sells the domain names using an auction system. The auction lasts for three days. During the three-day auction, Oversee/Snapnames and Defendant Google use the domain names.

198. Defendant Oversee used Snapnames to monetize Vulcan Deceptive Domains after this action was filed.

VII. DEFENDANTS' USE OF THE DISTINCTIVE AND VALUABLE MARKS BELONGING TO LEAD PLAINTIFFS AND THE CLASS

199. Lead Plaintiffs and the Class own Distinctive and Valuable Marks.

200. Lead Plaintiffs and the other members of the Class use their Distinctive and Valuable Marks in connection with their commercial activities, many of which are contained as domain names within the URLs they use in electronic online/Internet commerce.

201. At the time Lead Plaintiffs and the Class registered their domain names, said Distinctive and Valuable Marks were protected/protectable, and/or famous.

202. Lead Plaintiffs and the Class did not provide authorization to Defendants to use their Distinctive and Valuable Marks, domain names, or colorable imitations/confusingly similar domain names or marks in the Deceptive Domain Scheme.

203. Defendants are making commercial use of Lead Plaintiffs' and the Class' Distinctive and Valuable Marks without authorization, license, or permission. Defendants have actual and/or constructive knowledge that they are infringing Lead Plaintiffs' and the Class' Distinctive and Valuable Marks.

204. Defendants' use and monetization of the Deceptive Domains began after the Lead Plaintiffs' and Class' Distinctive and Valuable Marks became valuable, famous, protected, protectable, and/or distinctive.

205. Defendants' use of the Deceptive Domains presents a likelihood of dilution of the distinctive value of the Lead Plaintiffs' and Class' Distinctive and Valuable Marks.

206. Each named Defendant has participated in the Deceptive Domain Scheme, as detailed, with the knowledge and intent to commercially profit therefrom.

207. Each named Defendant knows that its participation in the Deceptive Domain Scheme, and other illegal actions as alleged herein, directly and proximately injure and damage Lead Plaintiffs and the Class in their property, person, reputation, business, and/or otherwise.

208. Defendants cause new browser windows with more advertising links to open up when users attempt to leave the Deceptive Domains in an attempt to increase the revenue, click throughs, and confusion generated from the Deceptive Domains.

209. When Internet users click on one or more of the displayed HTML links or popup or popunder AdWords advertisements on the websites at the Deceptive Domains, Defendants receive payment, or otherwise obtain commercial gain, from one or more AdWords advertisers, search engines, or affiliate programs.

210. Even after the filing of this lawsuit and notice by Lead Plaintiffs' Counsel, Defendants intentionally and blatantly continue to engage in the Deceptive Domain Scheme and the other illegal action alleged herein, including but not limited to:

- a. Defendants knowingly register, taste, kite, license monetize and otherwise use Deceptive Domains, including:
 - i. After the Complaint was filed, wwwVulcanGolf.com and VolcanGolf.com were deleted by the original registrants.
 - ii. Almost immediately thereafter, wwwVulcanGolf.com and VolcanGolf.com were *re-registered, relicensed, and redirected* to Defendant Google AdSense for Domains displaying Defendant Google Adwords Ads for commercial gain by Defendant Google and Overseer, despite formal notice.

- iii. Despite the fact that Defendant Google was aware of Vulcan's Marks, Defendant Google chose to allow the domains wwwvulcangolf.com and volcangolf.com to remain in the Google AdSense for Domains Program.
 - iv. In fact, Defendant Google licensed and allowed even more domains that infringed the Vulcan Marks into the AdSense for Domains Program after the complaint was filed, including: VulcnaGolf.com; VulcanGolfClubs.com; VulcanGolfTechnology.com; and, VulconGolf.com.
 - v. On August 7, 2007, Counsel for the Parties conducted an in-person Rule 26 Conference, where Lead Plaintiffs' Counsel put on an extensive power point presentation setting forth the "post-complaint" illegal conduct.
 - vi. Defendants all agreed to block the Vulcan Deceptive Domains.
 - vii. Despite those assurances to block Vulcan Deceptive Domains, VulcanGolfClubs.com was deleted and reregistered and redirected to the Defendant Google which immediately began monetizing the Deceptive Domain. As of September 11, 2007, VulcanGolfClubs.com still is displaying Defendant Google AdWords Advertisers.
 - viii. Then, VulganGolf.com and VulgonGolf.com were newly registered, licensed and redirected to Defendant Google and immediately monetized through its AdSense for Domains via a direct Defendant Google feed.
- b. Defendant Google knowingly and intentionally continues to license, traffic in, monetize and/or use Deceptive Domains that have been part of FTC actions.
 - c. Defendant Google knowingly and intentionally continues to license, traffic in monetize and/or use Deceptive Domains that have previously been held by various courts to be infringing domains and violations of the ACPA.
 - d. Use of uniform, common, automated programs to commonly effectuate the Deceptive Domain Scheme and to injure and damage Lead Plaintiffs and the Class, as set forth herein.
 - e. Defendants continue to transact in money derived from the Deceptive Domain Scheme, including but not limited to: obtaining, collecting,

depositing, withdrawing, and sharing illegally and criminally obtained money derived from the monetization of Deceptive Domain, the Deceptive Domain Scheme, and as otherwise alleged herein.

211. As a direct and proximate result of the Deceptive Domain Scheme and related unlawful conduct, as alleged herein, Lead Plaintiffs and the Class have each suffered economic injury and damage to its business and property. These injuries include: lost sales, lost customers, disruption and interference with business operations, and interference with prospective business/economic advantage, etc. These injuries also include confusion and dilution of Distinctive and Valuable Marks, injury to property, and injury to business/personal reputation.

VIII. RICO ALLEGATIONS

212. Each Defendant is a "person" within the meaning of the "Racketeering Influenced Corrupt Organization Act" *18 U.S.C. §1961(3)* ("RICO").

A. RICO Enterprise

213. As referred to herein, the "RICO Enterprise," as defined by *18 U.S.C. §1961(4)*, is the "Google Network" which is the organized and structured group of persons that have joined together for the common purpose of providing internet advertising, marketing and promotional services to Defendant Google AdWords Advertisers, as set forth herein. It is the association of persons that collectively provide the internet advertising network whereby AdWords advertisements are displayed and monetized on domains/sites on the internet.

214. Defendant Google describes the "Google Network" as "the large group of websites and other products, such as email programs and blogs, who have partnered with Google to display AdWords ads. <http://adwords.google.com/support/bin/answer.py?answer=6104&ctx=sibling>

The Google Network participants are: (1) Defendant Google, (2) the Parking Company Defendants; (3) Google Search Network (America Online, CompuServe, Netscape, AT&T Worldnet, EarthLink, Sympatico, and others); (4) Google Content site partners (New York Post Online Edition, Mac Publishing (includes Macworld.com, JavaWorld, LinuxWorld), HowStuffWorks, and others), (5) Google AdSense Network (Parking Company Defendants, Domain Aggregators, Domain Registrants, and other third party website owners, blog sites, domain registrants, licensees and aggregators that enter into agreements with Defendant Google for the monetization, of domains under their license/control/ownership.

215. The RICO Enterprise is an ongoing structure of persons associated with time, joined in purpose, and organized in a manner amenable to hierarchal or consensual decision making and whose activities affect, interstate and foreign commerce. As set forth herein, the RICO Enterprise has a defined structure, framework, and organization conducive to making decision. Written rules, polices, procedures, contracts, licenses, and other agreements operate to establish a defined mechanism to control the affairs of the RICO Enterprise on an ongoing basis

216. Defendant Google is aware of the exact identity of each and every participant in the RICO Enterprise, because it approves and controls the membership in and participation in the Google Network and the RICO Enterprise.

217. According to Defendant Google, the RICO Enterprise (as defined herein) is the largest internet advertising network in the world, as it explains on its website: “There's no larger network for contextual advertising in the world.” <https://adwords.google.com/select/afc.html>.

218. Defendant Google, in describing this “Google Network” on its website, affirms as follows: “*The Google Network is the largest advertising network available online, reaching over 86% of Internet users worldwide.*” <http://adwords.google.com/support/bin/answer.py?answer=6119>

219. Defendant Google further describes, on its website, the “Reach” of its network:

The Google content network reaches over 75% of unique internet users in more than 20 languages and over 100 countries. As a result, if you advertise on both the Google search network and the *Google content network*, you have the potential to reach three of every four unique internet users on Earth.

Country	Unique Reach
Germany	89%
Japan	86%
France	79%
United Kingdom	75%
United States	76%
Global	75%

<https://adwords.google.com/select/afc.html>

220. The RICO Enterprise was created and has continually been in existence from on or around January 2002 through the present.

B. RICO Enterprise and Defendants are Distinct

221. Each Defendant is a duly authorized corporation that has an identity distinct from the RICO Enterprise.

222. The RICO Enterprise alleged herein is not a separate legal entity or a subdivision/affiliate of any Defendant, individual and/or entity, rather the RICO Enterprise is a distinct association-in-fact made up of a discrete, yet numerous, set of persons, joined in the

common purpose of obtaining maximum economic and commercial gain by providing internet advertising and marketing services to AdWords Advertisers.

223. While each Defendant participates in, participates in the conduct of the affairs of, and is a member and part of the RICO Enterprise, it also has an existence separate and distinct from the RICO Enterprise. Each Defendant engages in other independent commercial activities separate and apart from the RICO Enterprise. For example, one or more of the Parking Company Defendants independently provide domain sales and auction services (for commercial gain) that are not in any manner related to the RICO Enterprise.

224. The RICO Enterprise operates with the purpose and goal to derive commercial gain from the provision of internet marketing and advertising services to Defendant Google's AdWords Advertisers.

225. The RICO Enterprise is an association-in-fact that that has an existence that can be defined apart from commission of predicate acts constituting a "pattern of racketeering activity," and has an existence beyond that which is necessary to merely commit each of acts charged as predicate offenses.

C. Structure and Roles of Participants in the RICO Enterprise

226. Each participant/member of the RICO Enterprise is crucial to its functions and operation, as generally summarized below:

- a. Defendant Google: Provides access to the revenue generating AdWords Advertisers and organizes, controls, monitors participation in and otherwise operates the RICO Enterprise;

- b. Google Network: Participate in the RICO Enterprise for the purpose of generating revenue from services provided in connection with AdWords Advertisements placed/displayed on domains/sites/video/search results under their license, control and/or ownership.

227. Without the Google Network, the RICO Enterprise could not exist because Defendant Google would not have access to the millions of domains/sites/video/search results that enable them to attract and control the billion dollars plus per year AdWords Advertiser program which “monetizes” the RICO Enterprise. The Google Network provides the domains/sites/video/search results upon which Google “places/displays/associates” the revenue generating AdWords advertisements that Defendant Google alleges reaches in excess of 3 out of every 4 internet users in the world.

228. Without Defendant Google, the RICO Enterprise could not exist, because the remaining members (Google Enterprise) would not have access to Defendant Google’s AdWords Advertisements that provide the exclusive source of revenue.

D. Defendant Google is the Central, Controlling Person

229. Defendant Google contrived, organized, developed, monitors, and maintains the RICO Enterprise, including but not limited to membership and participation in the RICO Enterprise.

230. Participation/Membership in the Google Network is conditional and subject to Defendant Google’s consent and Google Network participant/member’s contractual adherence to Google’s rules, regulations, terms and conditions, which in part include but are not limited to the following:

Parking Company Agreements/ Contracts with Defendant Google	Not Published on Website. Said written agreements, contracts, and associated documents are in the possession of Defendants and not available to Plaintiffs without discovery. Example of typical Parking Company Agreement (which is generally based on the standard template) can be found at: http://www.sec.gov/Archives/edgar/data/1391323/000095013507007513/b64222a1exv10w10.htm
Search Partner Agreements/ Contracts with Defendant Google	Not Published on Website. Said written agreements, contracts, and associated documents are in the possession of Defendants and not available to Plaintiffs without discovery.
Third Party AdSense for Domains Partners, and other Third Party Partner agreements	Not Published on Website. Said written agreements, contracts, and associated documents are in the possession of Defendants and not available to Plaintiffs without discovery.

231. One express example of Defendant Google's control over participation in the Google Network is found in Paragraph #1 of Defendant Google's AdSense Terms and Conditions, which sets forth, in pertinent part:

1. Program Participation. Participation in the Program is subject to Google's prior approval and your continued compliance with the Program Policies ("*Program Policies*"), located at <https://www.google.com/AdSense/policies>, and/or such other URL as Google may provide from time to time. Google reserves the right to refuse participation to any applicant or participant at any time in its sole discretion.
<https://www.google.com/AdSense/localized-terms>

232. As a practical matter, Defendant Google controls membership and participation in the Google Network, and RICO Enterprise, because Google can simply refuse to allow AdWords Advertisements to be placed/displayed/associated with a domain/site/video/search result. Defendant Google controls each and every AdWords Advertisement.

233. A Google Network member/participant, including any of the Parking Company Defendants, as separate and distinct persons, can refuse to participate in the RICO Enterprise/Google Network.

234. Although the Parking Company Defendants (and a limited number of Google approved persons) can license with third parties so that the third party domains/sites can participate in the Google Network derivatively (through the Parking Company participation), at all times, said participation is through licenses and agreements that derive from and are dependent upon adherence to the terms, conditions, responsibilities and rights of the Parking Company Defendants.

235. The Parking Company Defendants can only derivatively deny participation in the Google Network, to third parties. The third parties can still participate through either an

alternative Parking Company (and/or other Google-authorized person) or through direct permission, license, contract, and/or other agreement with Defendant Google.

236. Each Google Network member/participant, including but not limited to the Parking Company Defendants, have, either directly or indirectly, entered into contractual agreements, licenses, and other express agreements with Defendant Google, that govern the terms, conditions, rights, and responsibilities associated with participation in the AdSense Network/Google Network, and specifically its agreement to allow AdWords Advertisements to be placed/displayed/associated with domains/sites/video/search results under its license, control and/or ownership, as well as its participation in the RICO Enterprise.

237. As Defendant Google affirmatively states on its website, that it maintains control over the Google Network, RICO Enterprise, domains/sites, stating: “All web sites and products are reviewed and monitored according to Google's rigorous standards, so as the network grows, your AdWords ads will continue to appear only on high-quality sites and products” and further promising that:

- All ads are reviewed before appearing across the Google Network, so you may see your ad appear on Google first. If you edit a previously reviewed ad, your ad will be re-reviewed before it shows again on the Google Network.
- To ensure overall quality, all sites are carefully reviewed before being allowed in the Google Network.

<http://adwords.google.com/support/bin/answer.py?answer=6104&ctx=sibling>

238. Defendant Google controls the collection of all revenue derived from the RICO Enterprise, as well as payments and monies to members of the RICO Enterprise, arising from or

in relationship to the operations of the RICO Enterprise (i.e., distribution derived from AdWords advertisements).

E. Operation and Participation in the Conduct of the affairs of the RICO Enterprise

239. Defendant Google and the Parking Company Defendants are persons that knowingly and willfully conspire to and/or conduct and/or participate, directly and/or indirectly, in the conduct of the affairs of the Enterprise through a pattern of racketeering activity.

240. Each participant in the RICO Enterprise advances, permits, and/or participates in the unlawful conduct of the RICO Enterprise in one or more ways, including but not limited to the following:

- a. Defendant Google organizes, selects and controls membership in, promulgates terms and conditions of participation in, enters into express agreements/contracts with all members, designs and controls all technology, and
- b. Google Network tastes domains, registers domains, aggregates domains, licenses domains and sites, contracts/associates with Domain and site owners/registrants for the monetization of domains, engages in optimization and hosting, assist in the marketing, development and optimization of domains/sites under their control (such as landing page design), assist in the procurement, collection and distribution of advertising/marketing revenue throughout the Enterprise, and/or otherwise participate in the operations of the RICO Enterprise subject to the terms and conditions mandated by Defendant Google.

241. Not every operation and action of the RICO enterprise is illegal, for example, AdWords advertisements are frequently placed/displayed/associated with legitimate domains/sites/video/search results and in compliance with all applicable local, state and federal laws.

242. Defendants, however, have conducted the affairs of the RICO Enterprise with the deliberate intent of obtaining commercial gain from the Deceptive Domain Scheme.

243. In order to monetize Deceptive Domains, infringe and dilute Distinctive and Valuable Marks, engage in cybersquatting, engage in cyberpiracy, engage in typosquatting, transact in money derived from the illegal transactions and otherwise engage in the illegal conduct alleged herein against Lead Plaintiffs and the Class, Defendants needed a system that would allow Defendants to develop, monitor, calculate, divert and otherwise control a large segment of the online/Internet electronic commerce, marketing, promotions, sales, and advertising market. The RICO Enterprise provides Defendants with that vehicle.

244. Defendants exert control over, and otherwise operate and conduct the affairs of, the RICO Enterprise through a pattern of racketeering by, among other things, engaging in the following:

- a. Defendants deliberately and knowingly conspire to control, capture, direct, and manipulate internet traffic away from legitimate domains/sites and toward Deceptive Domains that display one or more of the revenue generating AdWords advertisements;
- b. Defendants deliberately and knowingly utilize an internationally expansive online/Internet marketing and advertising network to attract and derive payment from AdWords advertisers;
- c. Defendants deliberately and knowingly contrive and implement the Deceptive Domain Scheme to increase market share and profitability well-beyond that which could legally be achieved without the monetization of Deceptive Domains;
- d. Defendants use legitimate advertising conduct of the RICO Enterprise as a subterfuge to solicit and attract AdWords advertisers to “cost-per-click” and “pay-per-click” advertising, without advising the AdWords advertisers that some or all of their advertisements will be used to monetize illegal Deceptive Domains;

- e. Defendants actively utilize technology (including redirect and masking techniques) to conceal their actions in setting up, maintaining, monetizing and otherwise profiting and controlling Deceptive Domains in direct violation of federal and state law;
- f. Defendants actively use a series of contracts, licenses, agreements, sublicenses, and other legal documents to conceal the relationships, participation and control by Defendants of Deceptive Domains, as well as other misconduct associated with the Deceptive Domain Scheme.
- g. Defendants use the RICO Enterprise to deprive Lead Plaintiffs and the Class of valuable property;
- h. Defendants utilize the RICO Enterprise to distribute money obtained from illegal and criminal activity;
- i. Defendants utilize the RICO Enterprise to traffic in counterfeit goods or services;
- j. Defendants utilize the RICO Enterprise to launder illegal internet traffic in furtherance of the Deceptive Domain Scheme;
- k. Defendants use the AdSense for domains program to monetize Deceptive Domains with AdWords advertisements;
- l. Defendant Google actively conceals and makes affirmative misrepresentations about participation of the AdSense for Domains program in the Google Network (including monetization of Deceptive Domains with AdWords advertisements), to solicit AdWords advertisers and to encourage them to place and pay for AdWords advertisements under the false pretenses that the advertisements are appearing on legitimate, high quality sites, when in fact the AdWords advertisements are frequently appearing on illegitimate Deceptive Domains that are used exclusively for the purpose of generating economic gain for Defendant Google, the Parking Company Defendants and/or another member of the AdSense for Domains program;
- m. Each of the Parking Company Defendants take direct action to participate in and conceal (i.e., through masking, redirecting, hijacking internet traffic, using false WhoIs information, sublicenses, and otherwise) the monetization of Deceptive Domains within the Google Network;

- n. Defendant Google uses the Google Network in furtherance of the Deceptive Domain Scheme by, among other things, making false representations on its website, in e-mails, contracts, agreements, and otherwise, regarding: the members of the Google Network, the scope of operations and functions of the Google Network, the control over the Google Network, the actual policies and practices governing the Google Network, the utilization and monetization of Deceptive Domains in the Google Network, and the revenue generated and shared as a result of the monetization of Deceptive Domains in the Google Network;
- o. All Defendants have deliberately and intentionally used the legitimate functions and operations of the RICO Enterprise for the purpose of concealing the illegal conduct and affairs of the RICO Enterprise and for the purpose of increasing the profitability of the illegal conduct, through increased AdWords advertiser payments and placement of ads, under false pretenses, including (i) Defendants’ statements that the Google Network is the “world’s largest” network, (ii) touting expansive Internet Reach,(iii) affirmatively misrepresenting that AdWords advertisements will only appear on high quality/legitimate websites, (iv) intentionally concealing the monetization of said AdWords advertisements on the sham Deceptive Domains that are simply used to generate advertising revenue for one or more of the Defendants, (v) concealing from and refusing to disclose to AdWords advertisers that the “clicks” they are paying for are actually from AdWords advertisements placed on the sham Deceptive Domains and furthering that deception by sending AdWords advertisers deceptive reports/invoices that conceal the domain source of billed clicks (conceal clicks from Deceptive Domains) by simply reporting billed clicks under a catch-all category called “Domain Ads” that fails to identify the domain source of the click (despite Defendants detailed records and reports of domain source and of domain-by-domain advertising clicks/performance), such as:

Domain	Impressions	Clicks ▲	CTR
myspace.com	2,902,009	159	0.01%
Domain ads	2,633	117	4.44%
about.com	9,684	107	1.10%

Which parked domains?

- p. Defendants use the RICO Enterprise to conspire and to carry out their conspiracy to engage in a practice of cybersquatting, cyberpiracy, and typosquatting as prohibited by *15 U.S.C. § 1125*;
- q. Defendants use the RICO Enterprise to dilute trademarks in violation of *15 U.S.C. § 1051*; and

- r. Defendants use the RICO Enterprise to enter into side agreements with Defendant Parking Companies and Deceptive Domain name registrants/owners/licensees, and concealed said agreements from Lead Plaintiffs, the Class, and the public.

245. As set forth above, the RICO Enterprise has an ascertainable structure separate and apart from the pattern of racketeering activity in which Defendants engage. Not all members of the RICO Enterprise are defendants in this action.

F. Hierarchal Structure of the RICO Enterprise

246. Defendant Google is the central actor in the RICO Enterprise and controls the conduct and operation of the affairs of the Enterprise, as alleged herein.

247. The Parking Company Defendants derivatively control a portion of the RICO Enterprise (third parties under license/contract/agreement with the Parking Company Defendants), subject to Defendant Google's terms and conditions, as well as each conspire with, agree to and ratify Defendant Google's legal and illegal actions in control of/operation of the RICO Enterprise, and have acted/assisted Defendant Google in the conduct and operation of the RICO Enterprise by deliberately and willfully engaging in numerous affirmative acts, including intentional acts in furtherance of the Deceptive Domain Scheme alleged herein.

248. Through rules, regulations, licenses, contracts and other terms and conditions, imposed by Defendant Google, participation in and operation of the RICO Enterprise is governed by a defined structure and written terms. One of which provides Defendant Google with a complete grant of authority to control membership and participation in the RICO Enterprise and to control the precise provision of, timing of, content of, and revenue generated from any and all AdWords Advertisements that are monetized throughout the Google Network.

249. In order to access the advertising reach of the RICO Enterprise, persons must contractually agree to participate on terms and conditions promulgated, governed and controlled by Defendant Google.

250. Defendant Google allows a limited and carefully selected number of individuals and entities, including but not limited to the Parking Company Defendants, to sub-contract with third parties (i.e., domain registrants) for derivative participation. However, said participation is controlled through broad contractual terms, licenses and sub-licenses, and other such agreements between the Parking Companies and Defendant Google.

251. Defendant Google and the Parking Company Defendants use the structure of the Enterprise, the written agreements, licenses, sublicenses and other related rules/terms to control all aspects of the affairs of the RICO Enterprise and to carry out the Deceptive Domain Scheme alleged herein.

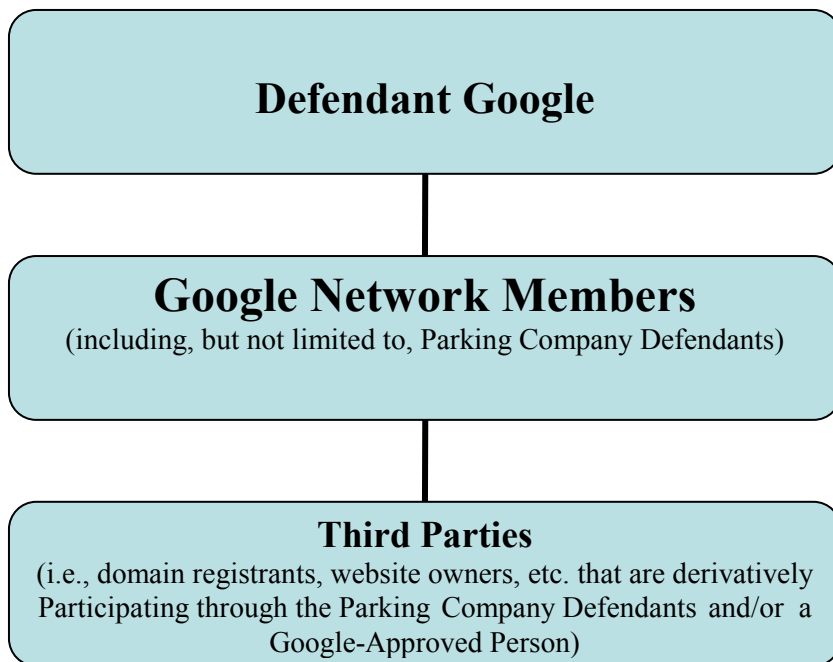

252. Defendant Google is the only person in the RICO Enterprise that has complete knowledge and control of all of the following:

- a. Identity of every individual and/or entity participating in the RICO Enterprise;
- b. Contractual terms of each participant in the RICO Enterprise;
- c. All advertisements, of any kind, displayed or used throughout the RICO Enterprise;
- d. The location/placement of, timing of, and revenue generated in relation to each advertisement displayed through the operation of the RICO Enterprise;
- e. Total revenue generated from the operation of the RICO Enterprise;

- f. Disbursements made to members of the RICO Enterprise in connection with the operations of the RICO Enterprise; and
- g. Software, hardware, and technology used to operate the RICO Enterprise.

253. The RICO Enterprise is subject to a set structure, rules, terms, goals, purpose and hierarchal decision-making, generally as follows:

- a. Defendant Google controls all membership in and participation in the RICO Enterprise. Defendant Google promulgates and enforces all rules, terms, and conditions of participation in the Enterprise through direct or indirect Agreements, licenses, sublicenses, and contracts;
- b. Parking Company Defendants, and other Google Network Members, are granted limited discretion and are ultimately subject to the decision-making of Defendant Google;
- c. Defendant Google permits, on a limited basis, certain selected members of the RICO Enterprise (including but not limited to the Parking Company Defendants) to directly contract with third parties (i.e., domain owners) for participation in the RICO Enterprise, however requires that they obtain from the third parties an express written grant of full license, ownership and control of the third party interests and participation in the RICO Enterprise. Defendant Google controls the third parties through control of the Parking Company Defendants; and
- d. The chart below generally describes the RICO Enterprise hierarchy:

G. Predicate Acts

254. Section 1961(1) of RICO provides that “racketeering activity” includes any act indictable under *18 U.S.C. §1341* (relating to mail fraud) and *18 U.S.C. §1343* (relating to wire fraud); *18 U.S.C. §1952* (relating to racketeering); *18 U.S.C. §1957* (related to engaging in monetary transactions in property derived from specified unlawful activity); and *18 U.S.C. §2320* (relating to trafficking in goods or services bearing counterfeit marks).

255. As set forth herein, each Defendant has engaged, and continues to engage on a daily and repeated basis, since at least January 2002, within each and every State in the United States, in racketeering activity violating each of these laws to effectuate their Deceptive Domain Scheme.

256. Defendants’ business operations are all or substantially Internet-based, and therefore are substantially and materially conducted through e-mail, websites, Internet traffic, wire communications, and other electronic means.

257. Defendants largely effectuated the Deceptive Domain Scheme, alleged herein, through utilization of e-mail, instant messaging, electronic messaging, wire, e-commerce, electronic technology, digital technology, websites, electronic tools, and other electronic media.

258. For the purpose of executing and/or attempting to execute the herein described Deceptive Domain Scheme to defraud or obtain money by means of false pretenses, representations or promises, Defendants, in violation of *18 U.S.C. §1341*, placed in post offices and/or in authorized repositories matters and things to be sent or delivered by the Postal Service, caused matter and things to be delivered by commercial interstate carriers, and received matters and things from the Postal Service or commercial interstate carriers, including but not limited to contracts, invoices, correspondence, and payments.

259. For the purpose of executing and/or attempting to execute the above described Deceptive Domain Scheme to defraud or obtain money by means of false pretenses, representations or promises, Defendants, also in violation of *18 U.S.C. §1343*, transmitted and received by wire, matters and things which include but are not limited to contracts, invoices, correspondence, disbursements, and payments.

260. The matters and things sent by Defendants via the postal service, commercial carrier, wire, e-mail, or other interstate electronic media include, related to the Deceptive Domain Scheme, but are not limited to, *inter alia*:

- a. contracts by and between Defendants, as well as between one or more Defendants and a third party;
- b. licensing agreements and other agreements between domain registrants and Defendants;
- c. licensing and other agreements by and between Defendants;

- d. acknowledgments, acceptances, disclosures and disclaimers by and between Defendants, as well as between one or more Defendants and a third party;
- e. correspondence, payments, invoices, contracts/agreements, and other such documents, data and information by and between Defendant Google AdWords advertisers;
- f. invoices and payments by and between Defendants, as well as with third parties, relating to AdWords advertisements monetized on the Google Network and/or otherwise related to the operation of the RICO Enterprise;

281. These multiple acts of racketeering activity, which Defendants commit and/or conspire to or aid in the commission of, are related to each other and amount to and pose a threat of continued racketeering activity, and therefore constitute a “pattern of racketeering activity” as defined in *18 U.S.C. § 1961(5)*.

288. Defendants conspired to participate in and conduct the affairs of the RICO Enterprise through a pattern of racketeering activity for the purpose of obtaining ill-gotten revenue from the Deceptive Domain Scheme.

289. The method by which Defendants agreed and conspired to effectuate the Deceptive Domain Scheme is set forth herein, and includes, but is not limited to:

- a. Agreeing to membership in and participation in the RICO Enterprise ("Google Network") on the terms, conditions, and rules proscribed by Defendant Google;

- j. Using software to capture slight misspellings or keystroke errors to identify Deceptive Domains, and to capture and redirect internet traffic to Deceptive Domains and away from the Internet user's intended site, thus diverting traffic away from Lead Plaintiffs' and the Class' valuable marks and causing confusion, dilution, and misuse/misappropriation of Lead Plaintiffs' and other members of the Class' Distinctive and Valuable Marks;

- k. Defendants' use of and transmission/submission of false and misleading WhoIs domain registration data in an attempt to conceal their participation in the Deceptive Domain Scheme;

290. The above-described practices are unreasonable and unlawful, and result in violations of RICO, other criminal statutes alleged herein, cybersquatting, typosquatting, cyberpiracy, unlawful interference with current and prospective economic advantage.

291. Defendants' concerted actions in furtherance of the conspiracy as alleged herein, are knowing, intentional, and taken in bad faith.

292. One or more of the Defendants hosted, or participated in the hosting, of a website at each of the Deceptive Domains monetized on the Google Network which displayed HTML links featuring AdWords advertisements for goods and services, many of which are directly competitive with those sold or provided in connection with Lead Plaintiffs' Marks or Distinctive and Valuable Marks belonging to the Class.

293. Defendants do not have any intellectual property rights or any other rights in Lead Plaintiffs' and the class members' Distinctive and Valuable Marks. None of the Deceptive

Domains consist of the legal name of the Defendants, or a name that is otherwise commonly used to identify the Defendants.

294. None of the Defendants have made any prior use of any of the Deceptive Domains in connection with the *bona fide* offering of any goods or services.

295. All of the Deceptive Domains are being used by the Defendants for commercial gain. All of the Deceptive Domains are being intentionally used, in bad faith, as part of Defendants Deceptive Domain Scheme.

K. Injury/Harm to Lead Plaintiffs, the Class, and the General Public

296. Lead Plaintiffs and the Class have suffered injury to their business and property as a direct and proximate result of Defendants' illegal actions, as alleged herein. The injuries to the business and property of Lead Plaintiffs and the Class include, but are not limited to:

- a. Damage to property;

- l. Lost goodwill; and
- m. Other such injury and damage directly and proximately caused by Defendants' illegal actions alleged herein.

297. Lead Plaintiffs and the Class were all injured in a similar fashion by the Defendants' predicate acts in violation of RICO.

298. The injury and harm suffered by the Lead Plaintiffs, and the Class, as alleged herein, was directly caused by, and was the direct result of, the Defendants' violations of *18 U.S.C. §1962(a)(b)(c)* and/or *(d)*.

299. Defendants' Deceptive Domain Scheme, which includes, but is not limited to, the unauthorized registration and/or use of the Deceptive Domains, is likely to cause confusion, mistake, and deception as to the source or origin of the Deceptive Domains, and is likely to falsely suggest a sponsorship, connection, license, or association of Defendants, and the Deceptive Domains with Lead Plaintiffs and the Class.

300. Defendants' activities have irreparably harmed and, if not enjoined, will continue to irreparably harm Lead Plaintiffs and the Class and the long-used and federally registered trademarks and the Distinctive and Valuable Marks belonging to Lead Plaintiffs and the Class.

301. Defendants' activities have irreparably harmed, and if not enjoined, will continue to irreparably harm the general public, which has an inherent interest in being free from confusion, mistake, deception, confusion as to the source, affiliation, association, or sponsorship of goods or services.

302. Trademark infringement and unfair competition laws are designed and intended to protect the public from exactly such confusion and deception.

303. Defendants' bad actions, constituting violations of those laws, directly cause injury to the public and circumvent the very important trademark safeguards that the laws are designed to protect and promote.

IX. THE ANTICYBERSQUATTING CONSUMER PROTECTION ACT

304. In 1999, Congress passed the Anticybersquatting Consumer Protection Act ("ACPA" or "Act"), *15 U.S.C.A. § 1125(d)*, to protect consumers and American businesses, to promote the growth of online commerce, and to provide clarity in the law for trademark owners.

305. Congress enacted the ACPA to include not only individuals and companies who register domain names, but rather, to apply equally to three classes of persons/entities: (1) registrants of the Deceptive Domains; (2) anyone who "uses" the domain name which is defined as the registrant or the "authorized licensee" of the registrants of the Deceptive Domains; and (3) anyone who "traffics in" Deceptive Domains, which refers to anyone involved in any transactions that include, but are not limited to, sales, purchases, loans, pledges, licenses, exchanges of currency, and any other transfer for consideration or receipt in exchange for consideration, whether or not the person is the registrant of the Deceptive Domain.

306. Congress drafted the ACPA to prevent the use, licensing, pledging, trafficking in, or any other exchange of consideration for the use of the infringing domain names.

307. The Deceptive Domain Scheme and other illegal activities of Defendants constitute the very conduct which Congress declared to be illegal and in which Defendants brazenly engage.

308. Congress provided clear examples of some of the specific types of improper domain names and activities that had been brought to its attention and which were included within the scope of the ACPA, activities in which the Defendants have engaged, and are continuing to engage in violation of the ACPA.

As stated by Senator Hatch:

The Committee also heard numerous examples of online bad actors using domain names to engage in unfair competition. For example, one domain name registrant used the name “wwwcarpoint.com,” without a period following the “www,” to drive consumers who are looking for Microsoft’s popular Carpoint car buying service to a competitor’s site offering similar service.” From August 5, 1999 CONGRESSIONAL RECORD — SENATE S10515

309. “WWW” Deceptive Domains were clearly targeted by Congress and declared to be illegal by the ACPA. The only reason for these “www” domains is to capture and redirect users looking for the original, legitimate websites.

310. *15 USC § 1125(d)* applies to registrants who engage in cybersquatting and typosquatting by registering Deceptive Domains and using them for commercial gain. *15 USC § 1125(d)* applies equally to persons who are the “registrant’s authorized licensee,” whether or not the person is the registrant of the Deceptive Domain. *15 USC § 1125(d)* applies equally to a person who “traffics in” (as defined in *15 USC § 1125 (d)(1)(E)*) Deceptive Domains, whether or not the person is the registrant of the Deceptive Domain.

311. All of the Defendants are authorized licensees of domains and Deceptive Domains. All Defendants license and sub-license domains, including Deceptive Domains, either through express or implied, direct or indirect licenses. For example, but not limited to:

- a. ActiveAudience (a parking company that contracts with Defendant Google to monetize the ActiveAudience aggregated domains with Defendant Google Ads through the AdSense For Domains parking programs), contracts with Domain registrants in their license agreements as follows: "You [domain owner] hereby grant ActiveAudience a revocable license to display, at ActiveAudience's option, content on Your Parked Domains for the duration of this Agreement."
- b. Gold Key (a parking company that contracts with Defendant Google to monetize the GoldKey aggregated domains with Defendant Google Ads through the AdSense For Domains parking programs), contracts with Domain registrants with following express provision: "You [domain owner] hereby grant GoldKey a revocable license to display, at GoldKey's option, content on Your Parked Domains for the duration of this Agreement."
- c. In addition, each above-referenced contract contains the following provision: "Sublicensing and Assignment....GoldKey [and Active Audience] may assign its rights and duties under this Agreement to any party at any time without notice to you [domain owner]."

312. The Defendants acts as alleged herein constitute trafficking in Deceptive Domains, in violation of the ACPA.

313. The Defendants acts as alleged herein constitute cyberpiracy, cybersquatting, and/or typosquatting, in violation of the ACPA.

314. The Defendants acts as alleged herein otherwise violate the ACPA.

X. CLASS ACTION ALLEGATIONS

315. Lead Plaintiffs bring this action against Defendants on their own behalf and pursuant to Rules 23(a), 23(b)(2) and/or 23(b)(3) of the Federal Rules of Civil Procedure, as a class action on behalf of the following class:

Any and all individuals and/or entities (excluding governmental entities, Defendants, and Defendants' parents, predecessors, subsidiaries, affiliates, agents and Defendants' co-conspirators) domiciled within the United States that own or are a licensee of a "distinctive or valuable mark" that

has been infringed, diluted, cybersquatted, typosquatted, and/or otherwise improperly used by one or more of the Defendants, as part of the Deceptive Domain Scheme alleged herein, during the period January 1, 2002 through the present.

316. Excluded from the Class are Defendants, any entity in which Defendants have a controlling interest or are a parent or subsidiary of, or any entity that is controlled by Defendants and any of its officers, directors, employees, affiliates, legal representatives, heirs, predecessors, successors and assigns.

317. The Class Period is January 1, 2002, through the date of filing of this Complaint (the "Class Period").

318. There are millions of geographically dispersed putative members of the Class. Accordingly, the Class is so numerous that joinder of all members is impracticable.

319. The Class is ascertainable, as the names and addresses of all Class Members can be identified in business records maintained by Defendants.

320. Defendants have acted or refused to act on grounds generally applicable to the Class, thereby making appropriate final injunctive relief or corresponding declaratory relief with respect to the Class.

321. Lead Plaintiffs will fairly and adequately protect the interests of the Class and have no interests adverse to, or which directly and irrevocably conflict with, the interests of other Class Members.

322. Lead Plaintiffs are represented by counsel experienced and competent in the prosecution of complex class action litigation.

323. There are questions of law and fact common to the Class which predominates over any questions affecting only individual Class Members. Such common questions include, but are not limited to the following:

- a. Whether one or more of the Defendants' actions as alleged herein violate the ACPA, *15 U.S.C. § 1125(d)*;
- b. Whether one or more of the Defendants' actions, as alleged herein, constitute violations of RICO, *18 U.S.C. §1962(a),(c) and (d)*;
- c. Whether one or more of the Defendants' actions as alleged herein violate Lanham Act, *15 U.S.C. § 1051 et seq.*;
- d. Whether one or more of the Defendants' actions, as alleged herein, constitute trademark infringement under *15 U.S.C. § 1114(1)*;
- e. Whether one or more of the Defendants' actions, as alleged herein, constitute violations of false designation of origin under *15 U.S.C. § 1125(a)*;
- f. Whether one or more of the Defendants' actions, as alleged herein, constitute dilution under *15 U.S.C. § 1125(c)*;
- g. Whether one or more of the Defendants' actions, as alleged herein, constitute contributory, vicarious, statutory, and/or common law trademark infringement;
- h. Whether one or more of the Defendants' actions, as alleged herein, constitutes Intentional Interference With Current and Prospective Economic Advantage;
- i. Whether any of the Defendants committed or are responsible for the acts alleged herein;
- j. Whether any of the Defendants' actions are continuing in nature;
- k. Whether any of the Defendants engaged in a pattern of racketeering activity;
- l. Whether the alleged Enterprise is an enterprise within the meaning of *18 U.S. C. 1961(4)*;

- m. Whether any of the Defendants conducted or participated in the affairs of the Enterprise through a pattern of racketeering activity in violation of *18 U.S.C. 1962(c)*;
- n. Whether Defendants' overt and/or predicate acts in violation of *18 U.S.C. 1962(c)* proximately cause injury to Lead Plaintiffs' and Class Members' business or property;
- o. Whether Defendants fraudulently concealed their Deceptive Domain Scheme and other unlawful activities alleged herein;
- p. Whether Defendants derived income from the Deceptive Domain Scheme and the pattern of racketeering activity associated therewith and used said income in the establishment or operation of the Enterprise which affects interstate commerce in violation of *18 U.S.C §1962(a)*;
- q. Whether Lead Plaintiffs and the Class are entitled to declaratory and/or injunctive relief to rectify the alleged violations of law and, if so, what is the appropriate nature of the equitable and injunctive relief to which Lead Plaintiffs and the Class may be entitled;
- r. Whether any of the Defendants' conduct is willful and/or intentional;
- s. Whether any of the Defendants directed, controlled, or agreed to facilitate the perpetration of the Deceptive Domain Scheme being perpetrated by the RICO Enterprise;
- t. The duration of the conspiracy alleged in this Complaint, and the nature and character of the acts performed by any of the Defendants in furtherance of the conspiracy;
- u. Whether the conduct of any of the Defendants, as alleged in this Complaint, caused damages to the Lead Plaintiffs or to the other members of the Class;
- v. The appropriate measure of damages sustained by Lead Plaintiffs and other members of the Class; and
- w. Whether Defendants were unjustly enriched as a result of their Deceptive Domain Scheme and other unlawful conduct, as alleged herein.

324. Lead Plaintiffs' claims are typical of the claims of the Class Members because they originate from the same illegal and confiscatory practices of Defendants, and because Defendants have acted in the same way toward Lead Plaintiff and the Class.

325. Defendants' operations are Internet-based/automated and technology-based. Defendants' actions toward the Class are identical or substantially similar, and arise out of a common course of illegal conduct, because Defendants effectuate the Deceptive Domain Scheme, and all of the actions alleged herein, through the use of a common, systemic, uniform, electronic and largely automated process that cause injury and damage to Lead Plaintiffs and the Class in a common and consistent manner.

326. Lead Plaintiffs will fairly and adequately protect the interests of the members of the Class. Lead Plaintiffs are committed to the vigorous prosecution of this action, have retained counsel competent and experienced in class litigation, and have no interests antagonistic to or in conflict with those of the Class. As such, Lead Plaintiffs are adequate Class representatives.

327. The prosecution of separate actions by individual members of the Class would create a risk of inconsistent or varying adjudications which would establish incompatible standards of conduct for the party opposing the Class.

328. A class action is superior to other available methods for the fair and efficient adjudication of this controversy because joinder of all members of the Class is impracticable. Further, the expense and burden of individual litigation make it impossible for Class Members to individually redress the wrongs alleged herein. There will be no difficulty in the management of this action as a class action.

329. This action is maintainable as a class action under Rule 23(b)(2), since the unlawful actions of Defendants, as alleged herein, have been taken on grounds equally applicable to all members of the class, thereby making appropriate final injunctive relief or corresponding declaratory relief with respect to the class and subclasses as a whole.

330. Alternatively, this action is maintainable as a class action under Rule 23(b)(1), as the prosecution of separate actions by or against individual members of the class would create a risk of: (a) inconsistent or varying adjudications with respect to individual members of the class, which would establish incompatible standards of conduct for the party opposing the class; or (b) adjudications with respect to individual members of the class, which would as a practical matter be dispositive of the interests of the other members not parties to the adjudications or substantially impair or impede their ability to protect their interests.

331. Alternatively, this action is maintainable as a class action under Rule 23(b)(3), as common questions of law and fact described above predominate over any questions affecting only individual members, and a class action is superior to other available methods for the fair and efficient adjudication of the controversy.

332. All allegations and claims are plead in the alternative to the extent required for proper construction under applicable state or federal law.

339. As a direct and proximate result, Lead Plaintiffs and the Class Members have been injured in their business or property by the predicate acts which make up the Defendants' patterns of racketeering activity through the Enterprise.

340. As a direct and proximate result of Defendants' conspiracy, the overt acts taken in furtherance of the conspiracy, and violations of *18 U.S.C. § 1962(c) and (d)*, Lead Plaintiffs and the Class have been injured in their business and property, by having their Distinctive and Valuable Marks infringed and diluted, their economic relationships interfered with, their reputation and affiliations misrepresented, and otherwise as alleged more fully herein.
