**DEFENDANT OVERSEE.NET’S ANSWER AND AFFIRMATIVE DEFENSES
TO PLAINTIFFS’ THIRD AMENDED CLASS ACTION COMPLAINT
IN LAW AND EQUITY**

Defendant Oversee.net (“Oversee”), by undersigned counsel, hereby answers the Third Amended Class Action Complaint in Law And Equity (the “Complaint”) of Plaintiffs Vulcan Golf, LLC, John B. SanFilippo & Sons, Inc., Blitz Realty Group, Inc., and Vincent E. “Bo” Jackson, Individually and on behalf of all others similarly situated, as follows:

NATURE OF THE ACTION

1. This case involves a shockingly deceptive internet-based modern day racketeering scheme (“Deceptive Domain Scheme”) that is being intentionally carried out by Defendants through the use of sophisticated and proprietary technology/software that allows them to generate and transact in billions of dollars in ill-gotten advertising and marketing revenue annually from blatant and intentional violations of federal and state laws that govern the domain name system (DNS), Internet-based commercial/business practices, intellectual property and trademark rights, and related laws. In a nutshell, the scheme uses illegal domain names on the Internet to generate and transact in billions of dollars of revenue, at Lead Plaintiffs’ and the

putative Class Members' expense.

ANSWER: Overseer denies the allegations in Paragraph 1.

2. The illegal domains are referred to herein as "Deceptive Domains" and are monetized domain names that are the same or confusingly similar to Lead Plaintiffs' and the putative Class Members' venerable, valuable, protected, distinctive and famous, registered and common law names, marks, trade names, logos, famous names, and other distinctive/valuable marks ("Distinctive and Valuable Marks"). Deceptive Domains are central to Defendants' massive scheme to generate and transact in money from the knowing diversion of and monetization of Internet traffic.

ANSWER: Overseer denies the allegations in Paragraph 2.

3. The Deceptive Domain Scheme consists of, but is not limited to, the following actions: (1) the deliberate registration, trafficking, license, use and monetization of Deceptive Domains; (2) the deliberate hijacking, redirecting, dilution and infringement of Distinctive and Valuable Marks; (3) the deliberate creation and promotion of an illegal aftermarket for the resale of Deceptive Domains; (4) the deliberate tainting and kiting of Deceptive Domains; (5) the deliberate cybersquatting and typosquatting; (6) the derivation, use and generation of illegally obtained money/revenue/profit from their illegal and deceptive action; (7) the investment and transaction in the money and property obtained from their illegal actions; (8) the illegal use and intentional diminution of Lead Plaintiffs' and the putative Class Members' valuable property rights and interests; and, (9) the other related actions and omissions intended to generate revenue from the unauthorized, improper, and illegal use/infringements/dilution/misappropriation of Lead Plaintiffs' and the putative Class Members' property.

ANSWER: Overseer denies the allegations in Paragraph 3.

4. Defendants' scheme is being conducted through strategically contrived automated software/programs that mask the massive and intentional scale of the second-by-second, 24-hour, 7-day/week, scheme that produces ill-gotten money from Internet advertising and marketing generated by the use of Deceptive Domains that are identical to, substantially similar to, or confusingly similar to Distinctive and Valuable Marks, for their own commercial gain.

ANSWER: Overseer denies the allegations in Paragraph 4.

5. Defendants use semantics software programs to understand the "meaning" of Distinctive and Valuable Marks, and what goods and services are associated with those marks, and then register/license/traffic-in/use Deceptive Domains to generate revenue from advertisers that pay for advertising, usually competitor or identical or substantially similar products/services, in blatant violation of federal and state law. The process of generating revenue from the use of Deceptive Domains is referred to as "monetization" of domains.

ANSWER: To the extent the allegations in Paragraph 5 relate to Overseer, Overseer denies the allegations. To the extent the allegations in Paragraph 5 relate to the Defendants other than Overseer, Overseer lacks sufficient knowledge or information to admit or deny the allegations in Paragraph 5 and therefore denies the allegations. Overseer denies any and all remaining

allegations in Paragraph 5.

6. Defendants have the practical ability to add filtering devices to their software to block Deceptive Domains without degrading the system's ability to provide advertising on appropriate legal and non-infringing domains, but willfully turn a blind eye, and simply refuse to implement said filtering and blocking devices

ANSWER: To the extent the allegations in Paragraph 6 relate to Overseer, Overseer denies the allegations. To the extent the allegations in Paragraph 6 do not relate to Overseer, Overseer lacks sufficient knowledge or information to admit or deny the allegations in Paragraph 6 and therefore denies the allegations.

7. Defendant Google is integral to, controls, and directs the Deceptive Domain Scheme, in part, in the following ways:

- a. Defendant Google creates, devises, contracts for, arranges, places, collects revenue from, monitors and otherwise controls almost all of the revenue-generating, advertising and marketing involved in this lawsuit ("Google Adwords Advertising");
- b. Defendant Google contrived, created, monitors and controls the largest internet advertising network in the world ("Google Network" as defined herein) providing the exclusive mechanism by which AdWords Advertisers can "reach" three out of every four internet users in the world;
- c. Defendant Google controls and proscribes membership and participation in the Google Network;
- d. Defendant Google effectuates the illegal Deceptive Domain Scheme by controlling both the AdWords Advertisers' access to domains/sites/video/search results on the internet (that are members of the Google Network), and then in turn controlling the Google Network's access to the AdWords Advertisements. Both must comply and agree to all terms and conditions proscribed by Defendant Google ;
- e. Defendant Google contractually restricts parking companies, domain registrants, licensees and aggregators from placing any advertising or marketing, other than Defendant Google AdWords Advertising, on their sites as a term of participation in the Google Network;
- f. Defendant Google created, within the Google Network, a hierarchical system in which all decision-making is directly or indirectly under its control, and that requires small domain portfolio owners/licensees and aggregators to license and monetize their sites only derivatively through the parking companies (or a select few Google-approved members of the Google Network) and to share revenue with the parking companies;

- g. Defendant Google exclusively collects, deposits, and distributes the advertising revenue generated from AdWords advertisements on the Google Network. Only Defendant Google knows exactly how much revenue is generated from which AdWords advertisements, and “where” it was generated throughout the Google Network;
- h. Defendant Google determines which parking companies, domain registrants, domain licensees, and domain aggregators can monetize domains, monetize Deceptive Domains, and/or otherwise participate in the Google Network and the Deceptive Domain Scheme;
- i. Defendant Google controls the creation, placement and revenue generated from each AdWords advertisement throughout the Google Network; and
- j. Defendant Google’s proprietary software and technology is used to generate AdWords advertising content, direct and place AdWords advertising, transact in the money generated from the AdWords advertising, generate and distribute reports related to the monetization of domains/sites/video/search results in the Google Network, as well as all other aspects of the Deceptive Domain Scheme.

ANSWER: To the extent the allegations in Paragraph 7 relate to Overseer, Overseer denies the allegations. To the extent the allegations in Paragraph 7 relate to the Defendants other than Overseer, Overseer lacks sufficient knowledge or information to admit or deny the allegations in Paragraph 7 and therefore denies the allegations. Overseer denies any and all remaining allegations in Paragraph 7.

8. Defendants have actual and constructive knowledge of the illegal actions alleged herein and materially contribute to the illegal actions alleged herein, by among other things, contriving, designing, inducing, encouraging, facilitating and producing the networks, functions, and programs that result in the proliferation of the infringements.

ANSWER: To the extent the allegations in Paragraph 8 relate to Overseer, Overseer denies the allegations. To the extent the allegations do not relate to Overseer, Overseer lacks sufficient knowledge or information to admit or deny the allegations in Paragraph 8 and therefore denies the allegations.

9. Defendants receive and will continue to receive direct financial benefits from the Deceptive Domain Scheme.

ANSWER: To the extent the allegations in Paragraph 9 relate to Overseer, Overseer denies the allegations. To the extent the allegations in Paragraph 9 do not relate to Overseer,

Oversee lacks sufficient knowledge or information to admit or deny the allegations in Paragraph 9 and therefore denies the allegations.

10. As a direct and proximate result of Defendants' unlawful conduct and illegal conspiracy, Lead Plaintiffs and putative Class Members have suffered injury to their businesses and property, suffered economic harm, and continue to be otherwise injured and damaged by Defendants' ongoing illegal conduct set forth herein.

ANSWER: To the extent the allegations in Paragraph 10 relate to Oversee, Oversee denies the allegations. To the extent the allegations do not relate to Oversee, Oversee lacks sufficient knowledge or information to admit or deny the allegations in Paragraph 10 and therefore denies the allegations.

11. Lead Plaintiffs and putative Class Members also have, and will continue to have, their reputation and value of their Distinctive and Valuable Marks diminished/diluted as a direct result of Defendants' ongoing Domain Scheme and other unlawful activity alleged herein.

ANSWER: To the extent the allegations in Paragraph 11 relate to Oversee, Oversee denies the allegations. To the extent the allegations do not relate to Oversee, Oversee lacks sufficient knowledge or information to admit or deny the allegations in Paragraph 11 and therefore denies the allegations.

12. Therefore, Lead Plaintiffs bring this thirteen (13) Count class action complaint pursuant to Rule 23 of the Federal Rules of Civil Procedure on their own behalf and on behalf of a class (the "Class") of similarly situated entities and individuals against Defendants under the Lanham Act, 15 U.S.C. § 1051 et seq.; the Anticybersquatting Protection Act, 15 U.S.C. § 1125(d); trademark infringement under 15 U.S.C. § 1114(1); false designation of origin under 15 U.S.C. § 1125(a); dilution under 15 U.S.C. § 1125(c); Racketeering Influenced Corrupt Organizations Act violations under 18 U.S.C. §1962(a), (c) and (d) ("RICO"), Interference with Prospective Economic Advantage, Common Law Trademark, Contributory Trademark, Vicarious Trademark, Unjust Enrichment, and Civil Conspiracy.

329. This action is maintainable as a class action under Rule 23(b)(2), since the unlawful actions of Defendants, as alleged herein, have been taken on grounds equally applicable to all members of the class, thereby making appropriate final injunctive relief or corresponding declaratory relief with respect to the class and subclasses as a whole.

To the extent a response is required and the allegations relate to Overseer, Overseer denies the allegations in Paragraph 329. ANSWER: The allegations in Paragraph 330 are legal conclusions to which no response is required. To the extent a response is required, Overseer denies the allegations in Paragraph

330.

331. Alternatively, this action is maintainable as a class action under Rule 23(b)(3), as common questions of law and fact described above predominate over any questions affecting only individual members, and a class action is superior to other available methods for the fair and efficient adjudication of the controversy.
