**DEFENDANT AT&T MOBILITY LLC’S RULE 56.1 STATEMENT OF UNDISPUTED MATERIAL FACTS IN SUPPORT OF ITS MOTION FOR SUMMARY JUDGMENT**

Pursuant to Local Rule 56.1(a), Defendant AT&T Mobility LLC (“ATTM”) submits the following Statement of Undisputed Material Facts in Support of Its Motion for Summary Judgment. With the exception of the Declaration of Caroline Mahone-Gonzalez, all of the materials relied upon to support this statement of facts are already part of the record in this case. Materials already in the record are referenced herein by title and docket entry number (*i.e.*, Docket No. \_\_\_\_).

**I. Parties, Jurisdiction, and Venue**

1. Plaintiff Jose Trujillo (“Plaintiff”) is an individual who alleges that he resides in Melrose Park, Illinois. First Am. Compl. ¶ 1, Docket No. 6.

2. Defendant ATTM is a Delaware limited liability company with its principal place of business located in Atlanta, Georgia. Defendant AT&T Mobility LLC’s Statement of Citizenship, Docket No. 91.

3. ATTM is comprised of five members, whose citizenships are as follows: two Delaware corporations (AT&T Mobility Corporation and New BellSouth Cingular Holdings, Inc.) with principal places of business in Georgia; one Delaware corporation (SBC Alloy Holdings, Inc.) with its principal place of business in Texas; one Georgia corporation (BellSouth Mobile Data, Inc.) with its principal place of business in Georgia; and one Delaware limited liability company (SBC Long Distance, LLC) whose sole member (SBC Telecom, Inc.) is a Delaware corporation with its principal place of business in Texas. *Id.*

4. Subject matter jurisdiction exists over this action pursuant to diversity jurisdiction as set forth in 28 U.S.C. § 1332, as amended by the Class Action Fairness Act of 2005. First Am. Compl. ¶ 4, Docket No. 6.

5. Venue lies in this District, as Plaintiff alleges that he purchased an iPhone from an Apple retail store located in Oak Brook, Illinois. *Id.* ¶ 8.

## **II. The iPhone Launch on June 29, 2007**

6. Apple began selling the iPhone on June 29, 2007. *Id.* ¶ 7; Declaration of Douglas Vincent in Support of Apple's Motion for Summary Judgment ("Vincent Decl.") ¶ 3, Docket No. 56.

## **III. Plaintiff's iPhone**

7. Plaintiff Jose Trujillo purchased a 2G iPhone at an Apple retail store located in Oak Brook, Illinois on July 2, 2007. First Am. Compl. ¶ 8, Docket No. 6; Declaration of Caroline Mahone-Gonzalez in Support of Defendant AT&T Mobility LLC's Motion for Summary Judgment ("Mahone-Gonzalez Decl.") ¶ 3.

8. Trujillo received a receipt for his purchase of the iPhone. Plaintiff's Supplemental Response to Defendant AT&T Mobility LLC's Motion to Compel Arbitration, and to AT&T Mobility LLC's Citation to Supplemental Authority, at 3, Docket No. 86.

9. Trujillo's receipt identified the serial number of that iPhone as YM724N1AVR0. *Id.*, Ex. B.

10. Certain mobile phones, including every 2G iPhone, are assigned International Mobile Equipment Identity ("IMEI") numbers. Mahone-Gonzalez Decl. ¶ 6.

11. The iPhone with Apple serial number YM724N1AVR0 corresponds to the iPhone with IMEI number 011245000436384. Declaration of Patrick Eckstrand in Support of AT&T Mobility LLC's Motion to Compel Arbitration and Dismiss Action ("Eckstrand Decl.") ¶ 2, Docket No. 105.

12. In order to activate a 2G iPhone for use with ATTM's network, a customer must use the iTunes program on their computer to enter into a wireless service agreement with ATTM. Mahone-Gonzalez Decl. ¶ 7.

13. According to ATTM's records, Trujillo neither activated that iPhone nor entered into a service agreement for the iPhone at issue. The iPhone with the serial number printed on Trujillo's receipt, Serial No. YM724N1AVR0, instead corresponds to an iPhone activated on July 3, 2007 by a preexisting ATTM customer named Dawn Marie Trujillo on her own account, on which Jose Trujillo was not an authorized user. *Id.* ¶¶ 8–9.

14. According to ATTM's records, Dawn Marie Trujillo cancelled service on that iPhone on December 15, 2007. *Id.* ¶ 10.

15. According to ATTM's records, Plaintiff Jose Trujillo subsequently activated on his own new account an entirely different 2G iPhone, which Dawn Marie Trujillo had purchased

from an AT&T retail store. *Id.* ¶ 11; Declaration of Ramoncito Balce in Support of AT&T Mobility LLC’s Motion to Compel Arbitration and Dismiss Action (“Balce Decl.”) ¶¶ 3–9, Ex. 1–3, Docket No. 106.

16. As of July 2, 2008, Plaintiff Jose Trujillo has not alleged that he sustained any battery-related problem or cost. Plaintiff’s Response to Defendant Apple Inc.’s Rule 56.1 Statement of Undisputed Material Facts in Support of Its Motion for Summary Judgment ¶ 48, Docket No. 118; *see also* Mahone-Gonzalez Decl. ¶¶ 10, 12.

#### **IV. The iPhone Feature Label**

21. Included within each iPhone box is a paper copy of the “Important Product Information Guide” for iPhone. *Id.* ¶ 5.

33. That web page ([www.apple.com/batteries](http://www.apple.com/batteries)) includes the following statements regarding rechargeable lithium-ion batteries:

Like other rechargeable batteries, these batteries may eventually require replacement.

You can charge all lithium-ion batteries a large but finite number of times, as defined by charge cycle.

A charge cycle means using all of the battery’s power, but that doesn’t necessarily mean a single charge. For instance, you could listen to your iPod for a few hours one day, using half its power, and then recharge it fully. If you did the same thing the next day, it would count as one charge cycle, not two, so you may take several days to complete a cycle. Each time you complete a charge cycle, it diminishes battery capacity slightly, but you can put notebook, iPod and iPhone batteries through many charge cycles before they will hold only 80% of original battery

capacity. As with other rechargeable batteries, you may eventually need to replace your battery.

**Battery Lifespan** means the total amount of time your battery will last before it may be replaced.

*Id.* ¶ 5 & Ex. A.

37. The iPhone-battery tips web page ([www.apple.com/batteries/iphone.html](http://www.apple.com/batteries/iphone.html)) also states:

“Battery lifespan means the total amount of time your battery will last before it must be recharged.

**Charge Cycles:** A properly maintained iPhone battery is designed to retain up to 80% of its original capacity at 400 full charge and discharge cycles. You may choose to replace your battery when it no longer holds sufficient charge to meet your needs.

*Id.* ¶ 11 & Ex. C.

**IN THE UNITED STATES DISTRICT COURT  
FOR THE NORTHERN DISTRICT OF ILLINOIS**

<p>JOSE TRUJILLO, individually and on behalf of all others similarly situated,</p> <p style="text-align:center">Plaintiff,</p> <p>vs.</p> <p>APPLE COMPUTER, INC., a California Corporation, and AT&amp;T MOBILITY LLC, a Georgia Corporation,</p> <p style="text-align:center">Defendants.</p>	<p>Case No. 1:07-cv-04946</p> <p>DECLARATION OF CAROLINE MAHONE-GONZALEZ IN SUPPORT OF AT&amp;T MOBILITY LLC'S MOTION FOR SUMMARY JUDGMENT</p>
-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------

I, Caroline Mahone-Gonzalez, hereby declare as follows:

1. The following facts are of my own personal knowledge, and if called as a witness I could and would testify competently as to their truth.

2. I am employed by AT&T Mobility LLC ("ATTM") as an Area Manager in the West region of the Office of the President. I am familiar with the service agreements under which ATTM provides wireless service to its subscribers and the manner in which in the regular and ordinary course of business those agreements and records pertaining to customers are stored and may be retrieved.

3. I have reviewed a receipt, which I have been informed that Plaintiff Jose Trujillo included in a court filing, which indicates that Plaintiff Jose Trujillo purchased an iPhone from an Apple retail store in Oak Brook, Illinois on July 2, 2007. Based on the date of purchase, that iPhone was a 2G iPhone.

4. That receipt indicates that the Apple serial number for the purchased iPhone is YM724N1AVR0.

5. It is my understanding, from the declaration of Patrick Eckstrand filed in this case, that the iPhone with Apple serial number YM724N1AVR0 also has the International Mobile Equipment Identity (“IMEI”) number 011245000436384.

6. IMEI numbers are identifying numbers that are assigned to GSM and UMTS mobile phones (among others), including each iPhone.

7. In order to activate a 2G iPhone for use with ATTM’s network, a customer must use the iTunes program on his or her computer to enter into a wireless service agreement with ATTM.

8. According to ATTM records that I have reviewed, a preexisting ATTM customer named Dawn Marie Trujillo activated the iPhone with IMEI number 011245000436384 (the iPhone Plaintiff Jose Trujillo purchased from the Apple store) on July 3, 2007 by using the iTunes program. Attached as Exhibit 1 is a true and correct copy of a screen shot of a portion of ATTM’s account notes for Ms. Trujillo. The third entry from the top of that screen shot indicates that the device with IMEI number 011245000436384 was associated with Ms. Trujillo’s wireless line (708) 259-1194 on account number 292397572. The top entry on that screen shot indicates that Ms. Trujillo used Apple’s iTunes software to renew her service agreement on that line by agreeing to a 24-month commitment term.

9. According to ATTM records that I have reviewed, Plaintiff Jose Trujillo is not listed as an authorized user on Dawn Marie Trujillo’s account number 292397572.

10. According to ATTM records that I have reviewed, Dawn Marie Trujillo cancelled this line of service on December 15, 2007. Ms. Trujillo was assessed and later paid an \$175 early-termination fee.

11. According to ATTM records that I have reviewed, Plaintiff Jose Trujillo activated a different 2G iPhone for use with ATTM's wireless service on a new account in his name on July 5, 2007. The IMEI number of that iPhone is 011245004080345.

12. According to ATTM records that I have reviewed, on December 15, 2007, Mr. Trujillo cancelled his service with ATTM in order to port his wireless number to another carrier. Mr. Trujillo was assessed and later paid an \$175 early-termination fee.

I declare under penalty of perjury that the foregoing is true and correct. Executed on January 8, 2009.
