Lawyer accused of cyber stalking!

Lawyer, [Meanith Huon](#), 39, who was originally charged with criminal sexual assault, sexual abuse and unlawful restraint is now facing charges of harassment and cyber stalking!

Meanith Huon is accused of maintaining an Internet web page where he was posting messages directly to the woman claiming he loves her and that "God" wants them to be together! He even went so far as to post all the reasons he would make a good husband. Check it out:

"He also posted '10 reasons why I'd make a good husband for you.' The No. 1 reason was listed as "God brought us together.' The suspect also allegedly posted the words:
'We'd have great kids. My brains. Your looks.' "

If God did want them to be together, then apparently it wasn't for very long because Huon is also accused of raping another woman!

”Huon was arrested in early July 2008 after he allegedly forced a woman to have oral sex with him, fondled her vaginal area and her breasts and refused to let her out of the car while driving on I-55 into Madison County.”

This other victim claims she was lured to him over the Internet with what she thought was going to be a job selling alcohol to the local taverns. She meets Huon only instead of driving to the supposed tavern, he allegedly rapes her!

Some people just cannot take no for an answer! Stalking is not an act of love, it’s an act of control. It stems from a feeling of powerlessness and a need to control. Rape is not an act of love, it’s an act of violence!
