NOTIFICATION OF DOCKET ENTRY

This docket entry was made by the Clerk on Tuesday, December 3, 2013:

MINUTE entry before the Honorable Young B. Kim: Plaintiff Dunstan's motion to exclude disputed data [268] is denied. In his motion Dunstan seeks to prevent the disclosure of certain non-email file listings and internet browsing history from outside the time frame between January 1, 2010, and September 30, 2010, on the basis that such information is not relevant to this case. Dunstan argues that the downloading of OSSProxy occurred on September 22, 2010, and that any benefit that can be derived from such information cannot outweigh his privacy concerns. Defendant argues in response that the information is critical to completing the forensic analysis it seeks. In support of this position, Defendant provides testimony from its retained expert confirming this assertion. Having considered the expert's testimony and his explanation, the court finds that the information is necessary for Defendant to conducting the analysis the court has permitted. As such, the motion is denied. Dunstan is ordered to provide the disputed data to Defendant's designated expert by December 10, 2013. Tomorrow's status hearing to stand. Mailed notice (ma,)
