

EXHIBIT 5

Dear VP of Human Resources,

I'd like to let you know that **I Choose Walgreens**, and that I value the care and convenience that my Walgreens pharmacy offers me every day.

I recently learned that Walgreens will not be able to fill my prescriptions under the Express Scripts plan starting in 2012. Will you help me ensure that I'll have the same choice of pharmacies — including Walgreens — that I've come to expect from our company? That way, I won't lose my personal relationship with a pharmacist who knows my health conditions, or have to experience the disruption of a transfer.

Thank you for your time and consideration. Please help me keep my Walgreens.

Sincerely,

Signature

Printed Name

Your Email Address

3 easy ways to share your voice for your Walgreens.

Contact your Human Resources department to discuss your concerns. Using language from the attached card as a conversation starter, you can choose to contact them in one of three easy ways:

Send them an email
highlighting your concerns

Call or visit to discuss your concerns with them in person

Complete both sides of the attached card and then either mail it in or drop it off at Walgreens (we can send it for you)

I Choose Walgreens

Express Scripts plan members:

Learn how you can advocate to keep the trusted Walgreens pharmacy care and convenience you've come to expect.

Walgreens

Walgreens will be able to fill Express Scripts prescriptions ONLY through Dec. 31, 2011.

But if you want to keep the familiar care and expertise you receive from your Walgreens pharmacist, **let your voice be heard!**

We understand why you may be disappointed that your pharmacy options will change at the end of the year, and that your current prescription plan will no longer include coverage through Walgreens.

We appreciate your business, as well as the valued trust that you place in our healthcare professionals every day.

That's why we want to help you keep your Walgreens and avoid the hassles of a transfer, plus continue to experience these same great benefits:

- **Your personal relationship** with your trusted Walgreens pharmacist, who understands you and your healthcare conditions
- **Convenient prescription refills close to home** or at any of our nearly 8,000 locations nationwide, with the most 24-hour and drive-thru locations of any retail pharmacy
- **Uninterrupted pharmacy care** – no need to worry about missing a dose of your medication during a prescription record transfer
- **Services to help you stay well**, including immunizations for flu and more, from the largest network of certified immunizing pharmacists in the country

To learn how you can voice your concerns, please see back.
