Case No. 17 C 1757

MEMORANDUM ORDER

This Court's March 9, 2017 memorandum opinion and order (the "Opinion"), coupled with an Appendix that (1) summarized the prior litigation history of pro se prisoner plaintiff Thomas Ryburn ("Ryburn") and (2) reported that he had previously accumulated more than the three "strikes" that brought 28 U.S.C. § 1915(g) into play, granted Ryburn the opportunity to pay the filing fee for this most recent lawsuit in full on or before March 29, failing which he faced the dismissal of this action. But the current printout of the docket in this action reflects that instead of paying any heed to that shot fired across his litigation bow, Ryburn simply filed the attached nonresponsive letter -- dated March 23 and received in the Clerk's Office on March 27 -- coupled with several pages of documents that did not speak to the subject of the required fee at all. Accordingly, as forecast in the final paragraph of the Opinion, this action is indeed dismissed for want of prosecution.

THOMAS G. BRUTON
CLERK, U.S. DISTRICT COURT

Dear Judge Shadur,

Your Prisoner Correspondence Office, refused to follow the "prison mailbox rule", on March 1st, I mailed 2 packages and 1 envelope, see attached exhibits, as you can see, the letter of explanation of why I had to mail my Certificate of Mailing to the Clerk, the Certificate of Mailing and my envelope with the date on back of envelope, all of these documents have the March 1st, 2017 date on them!

Let's not my fault nor do I have control over when U.S. mail is sent or received Sir, and do not wish to be accused of not having a Certificate of Mailing for my Dec. 1983 stamped Received on March 3rd of 2017.

I'm asking your intervention, it's the "Law" and is "Beyond My Control" once U.S. mail leaves my "cell house bars"!

Respectfully,

Th. Ryzurn
