On the above date and time the I/O responded to 14701 Mockingbird Dr, Darnestown MD 20874 for a report of threats that had just occurred.

Upon arriving on the scene the I/O met with the complainant Steven Esrig (CEO/President of Stelar Productions) Esrig advised the I/O of the following:

That an employee of his, [REDACTED], threatened to kill another employee of his along with Esrig and Esrig's wife Lori Esrig. These threats occurred after an altercation between [REDACTED] and [REDACTED] (the employee [REDACTED] threatened to kill).

The I/O had Esrig bring [REDACTED] to the scene to obtain the information as to what happened (Esrig was not present when threats were made). When the I/O met with [REDACTED] she was able to fill the I/O in on exactly what happened. According to [REDACTED] had been acting "weird" for a couple of days.

Then on call 11/05 [REDACTED] noticed [REDACTED] downloading files ([REDACTED] is the controller and should not be downloading any files) to his personal files/disks. The items being downloaded were financial figures.

[REDACTED] stated that [REDACTED] kept saying that he was quitting and he was trying to get [REDACTED] to quit as well. [REDACTED] kept saying that [REDACTED] kept stating "you're going to quit" "you're going to be my spy."

[REDACTED] then put [REDACTED] in his car and started to drive off towards Turkeyfoot Rd. As [REDACTED] was riding in [REDACTED] car (described as a [REDACTED]) She noticed a Manila folder full of files next to the passenger
