CLERK U.S. DISTRICT COURT
SOUTHERN DISTRICT OF IA

Dear Judge Gritzner;

Thank you for your time and attention to my request. I took this action only after 2 long years of Pleading with LDS. officials Both in Des Moines And Omaha AND General Authorities in Salt Lake City to do the Right thing and investigate, with LIN-biased people this Terrible Crime.

My "Repeated petitions have been answered ONLY by repeated injury."

Please believe me, Your Honor, There exists Manifold Federal Interest in this case. I request additional time to list in plain but typed form (hope to find a typist) a list of the both civil and criminal crimes that officials of the LDS Church have committed against me and my children in the last 4 decades. I will submit this list under Federal Oath and prefer to do this in person.

I will also take a polygraph - Arzani, NYE, and even General Robert C. Oaks U.S.A.F. (Ret) fear the "lie box" like a Salem preacher fears a witch.

A mere snapshot of the Federal interest is that the medical expense so far is already approaching \$75,000.00 if it has not already exceeded that amount. Alzheimers is a stark possibility given the severe brain injury from Arzani. Federal interest? I am a retired U.S. Service man, - 80% of the medical costs of this crime have been paid (Lucky for me) by Tri-Care - Taxpayer Funded. After 19 July 2008 the whole amount will be paid when Medicare kicks in and Tri-Care picks up the left over amount. I also feel that there is a definite case under 18 U.S.C. sec. 241 + 242.

Thank you again for course.

Sincerely,
Sgt. Lee H. Andre
