EASTERN DISTRICT OF LOUISIANA**

**EUGENE LIGER, ET AL.**

**CIVIL ACTION**

**VERSUS**

**NO. 05-1969**

**NEW ORLEANS HORNETS NBA LIMITED  
PARTNERSHIP**

**SECTION "C" 5**

**DEFENDANT'S FIRST SUPPLEMENTAL AND AMENDING RESPONSES TO  
PLAINTIFFS' SECOND SET OF REQUESTS FOR PRODUCTION OF DOCUMENTS**

Defendant, New Orleans Hornets NBA Limited Partnership ("Hornets"), through undersigned counsel, submits the following supplemental and amending responses to Plaintiffs' Second Set of Request for Production of Documents.

**GENERAL OBJECTIONS**

Defendant objects to all of Plaintiffs' discovery requests in the following respects:

- a. To the extent they seek information outside the maximum potential statute of limitations that could apply to this action (three years);
- b. To the extent they seek information related to issues of alleged liability to or damages of employees who are non-Plaintiffs or who are outside any class definition that may be approved by the Court in this action; and,
- c. To the extent they seek information that protected by the attorney-client privilege and/or work product doctrine.

**OBJECTION TO EXCESSIVE NUMBER OF REQUESTS**

Thus far, Plaintiffs have propounded the following number of discovery requests, including subparts: 126 requests for admission, 160 Interrogatories, and 150 requests for

production (including the 25 to which Defendant has already responded). This number of requests of a single party in an action of this nature is excessive. Defendant will consider a reasonable proposal to provide certain categories of discoverable information relative each current and new Plaintiff who may opt-in under any Court-approved procedure. However, Plaintiffs otherwise have already propounded a more than sufficient and reasonable number of discovery requests such that additional requests would constitute a harassing and abusive use of the discovery process. To the extent Defendant has responded, it has done so in the spirit of cooperation and with a reservation of all rights and objections based on the excessive number of discovery requests.

**REQUEST FOR PRODUCTION NO. 1:**

Please produce copies of any exhibits that the Hornets will rely upon to support any defense to this litigation.

**RESPONSE TO REQUEST FOR PRODUCTION NO. 1:**

Please produce copies of any and all documents describing, discussing, or containing communications regarding the Hornets' policies, procedures, and practices regarding the manipulation or alteration of the identities of account representatives in Archtics.

**RESPONSE TO REQUEST FOR PRODUCTION NO. 52:**

Defendant objects to request number 52 because it is overly broad and, as a result, seeks information that is neither relevant nor reasonably calculated to lead to the discovery of admissible evidence, and to the extent it seeks protected attorney-client communications and/or

work product information. Subject to and without waiving this objection, Defendant does not have any documents responsive to this request.

**REQUEST FOR PRODUCTION NO. 53:**

Please produce copies of any and all documents describing, discussing, or containing communications regarding the Hornets' policies, procedures, and practices for tracking sales of commissioned salesmen.

**RESPONSE TO REQUEST FOR PRODUCTION NO. 53:**

Defendant objects to request number 53 because it is overly broad and, as a result, seeks information that is neither relevant nor reasonably calculated to lead to the discovery of admissible evidence, and to the extent it seeks protected attorney-client communications and/or work product information. Subject to and without waiving this objection, Defendant does not have any documents responsive to this request.

**REQUEST FOR PRODUCTION NO. 54:**

Please produce copies of any and all documents describing, discussing, or containing communications regarding the Hornets' policies, procedures, and practices for paying salespersons for accounts that are not paid in full at the time of their separation from Defendant.

**RESPONSE TO REQUEST FOR PRODUCTION NO. 54:**

Defendant objects to request number 54 because it is overly broad and, as a result, seeks information that is neither relevant nor reasonably calculated to lead to the discovery of admissible evidence, and to the extent it seeks protected attorney-client communications and/or work product information. Subject to and without waiving this objection, to the extent any

responsive documents exist, they would be located in Plaintiffs' personnel files and payroll files which have already been produced to Plaintiffs.

**REQUEST FOR PRODUCTION NO. 55:**

Please produce copies of any and all documents describing, discussing, or containing any requests for overtime compensation from any Hornets employee.

**RESPONSE TO REQUEST FOR PRODUCTION NO. 55:**

Defendant objects to request number 55 because it is overly broad and, as a result, seeks information that is neither relevant nor reasonably calculated to lead to the discovery of admissible evidence, and to the extent it seeks protected attorney-client communications and/or work product information. Subject to and without waiving this objection, Defendant does not have any discoverable documents responsive to this request.

**REQUEST FOR PRODUCTION NO. 56:**

Please produce copies of any and all documents supporting any "industry standard" arguments amongst NBA teams applicable to the retail sales exemption.

**RESPONSE TO REQUEST FOR PRODUCTION NO. 56:**

Defendant objects to request number 56 because it is overly broad and, thus, seeks information that is neither relevant nor reasonably calculated to lead to the discovery of admissible evidence, and to the extent it seeks information that is attorney-client privileged or protected work product. Subject to and without waiving this objection, discovery is ongoing and, thus, Defendant has not yet identified or determined all documents it will introduce or use in this case.

Respectfully submitted,
