Defendants.

CIVIL ACTION No. 10-1663(F)(2)

SECTION F

JUDGE FELDMAN

**MAGISTRATE 2
MAGISTRATE WILKINSON**

DECLARATION OF JAMIE L. BURLEY

I, Jamie L. Burley, state the following:

1. I am the Documents Management Specialist responsible for managing document productions in the Documents Management Unit ("DMU"), Office of the Executive Secretariat ("OES"), Office of the Secretary ("OS"), U.S. Department of the Interior, and have served in this position for nine years.

2. Serving as the project manager, I oversee the processing, indexing, and production of documents for administrative records in litigation and responding to Congressional requests for agency documents.

3. I was asked to assist in the preparation of an index identifying those documents from the Administrative Record for the July 12, 2010, Secretarial Directive that were generated after May 28, 2010 (the "Response Index").

4. To comply with this request, I first sorted the documents in the Administrative Record from EnSCO Offshore Services v. Salazar, 2:10-cv-01941-MLCF-JCW (E.D. La.) into three

categories: (a) those documents reflecting a date on or before May 28, 2010; (b) those documents reflecting a date after May 28, 2010; and (c) those that appear in the index for the Administrative Record without a date.

5. I did not include in the Response Index those documents described in Paragraph 4(a), above.

6. I understand that those documents described in Paragraph 4(c) were provided to Raya Bakalov, the Special Assistant to the Director of the Bureau of Ocean Energy Management, Regulation, and Enforcement ("BOEMRE"), Department of Interior ("DOI"). Ms. Bakalov determined which of those various undated documents had been generated after May 28, 2010. The basis for her determination is explained in her Declaration.

7. I included in the Response Index the five documents described in Paragraph 4(c) that Ms. Bakalov identified as having been generated after May 28, 2010.

8. The documents from the Administrative Record that I had initially placed in the category described in Paragraph 4(b), above, were provided to Solicitor's Office attorneys to review and determine whether any consisted of email messages that postdated May 28, 2010, but which conveyed attachments that pre-dated May 28, 2010. The Solicitor's Office identified five such documents. With the exception of those five documents, I included in the Response Index all of the documents that I had initially placed in the category described in Paragraph 4(b).

9. I swear under penalty of perjury that the foregoing information is true, accurate, and complete.

Dated this 24th day of August, 2010.

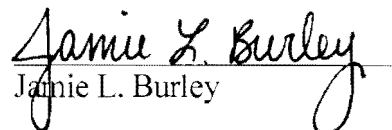

Jamie L. Burley
