Civil No. **PJM 22-cv-2369**

**MORANDUM OPINION AND ORDER**

On September 5, 2023, the Court granted Plaintiff’s Motion for Writ of Attachment Before Judgement. ECF No. 3. It now considers the amount of the bond to be set in connection with the attachment before judgment. Defendants have requested a bond in the amount of \$4,600,000. ECF No. 40. Plaintiff contends that an appropriate bond amount is \$50,000. ECF No. 43.

The amount requested by Defendants, \$4,600,000, will not be awarded. Defendants have provided no legal authority or factual support to justify that amount, nor have they shown that damages in that amount have been or will be incurred as a result of the attachment. On the other hand, the Court believes that a total bond of \$50,000 for four properties, as suggested by Plaintiff, is unreasonable. The Court has determined instead that a bond of \$50,000 for each of the four properties in issue, a total of \$200,000, is appropriate.

Accordingly, a bond of \$50,000 as to each of the four properties, for a total of \$200,000, shall issue. The Court therefore **GRANTS** Defendants’ Motion for Proposed Bond for Writ of Attachment Before Judgment, **BUT ONLY** to the extent of \$50,000 for each of the four properties in issue, for a total bond of \$200,000.

Plaintiff's Counsel is directed to draft and submit four Writs of Attachment, one for each of the four properties in issue, consistent with the Court's findings above and following the format of the sample Writ of Attachment appended hereto.

It is so **ORDERED** this 18 day of October, 2023.
