Mark,

Awesome man, listen I was hoping you had some thoughts on design. Check out www.thecarlylegroup.com. I think this is the hottest front-end I've ever seen. If you're into design then let's talk about it at some point. Unfortunately, I'm in NYC for interviews and next week is Thanksgiving so we'll have to hold off till next Sunday but I'll catch you on the phone till then.

Yeah I mean once all the functionality is set, the rest is testing and design. The site looks fine right now but I was thinking we could go all out and put up something truly beautiful. Let me know what you think.

Cheers,

Divya

ps. me you and the other guys also have to sit down and discuss strategy in terms of roll out and marketing, etc. Should be fun.
