FLOYD WEBB'S MENTAL STATUS IN QUESTION

The Judge Mark Wolf asked Julie Ahern of Stanford law about Floyd Webb's mental status. After being denied a declaratory judgement by the judge. Judge Wolf questioned Julie Ahern several times whether Floyd Webb's mental status when he was using the film, he wanted to know if he was mentally capable of making decision's pertaining to the case.

Floyd asked for mediation and got it and he didn't want it at all. People are puzzled about Floyd and his motive's.

Is it personal ,I seem to think so. It all comes down to ownership, it obvious that someone else is sailing Floyd's ship. Its obvious that Floyd doesn't have the intelligence to see a deal right in front of him. Its seems funny that the judge is questioning his mental status, when he staed in the past that the judge was going to do that against me, the irony huh Floyd.

Threw his case management statement, Floyd hopes to dislodge William Intellectual property, some wonder why would Floyd do such a thing a put a hold on his movie for 2 years and future litigation. I feel bad for Floyd he's extremely stubborn like a child who wants the nipple and he can't have it. Floyd temper tantrum's shows what a small person in his head he really is. Billy wanted to put this behind him , but Floyd is really showing his real color's. It just goes to show you that hes the type of person that you can't trust in business. Floyd is trying to say that William doesn't own anything. I bet if Felkoff drinks a glass of water that Floyd cant speak.

Floyd doesn't have Fair Use until the gavel falls, and the same goes for ownership. Nothing has been ruled on so Floyd . once again only tell half truths. Only to suit him, Floyd you still have to deal with me in court once your court is over with William. And I'm going to sue all of you people and I'm gonna win . No signatures and you have nothing, see I can prove criminal conspiracy. Using this court's declaration against you, see it all a big set up and your all gonna be taken down.

Whats everybody gonna say now that Billy not playing along, its Floyd like I said is the shady one. This scumbag, the loser, this is why no one will do business with him. The only people who do business with him are people who got their friend killed. Go Figure.

CASE MANAGEMENT STATEMENT

Defendant Floyd Webb submits this case management statement pursuant to Local Rule 16.1(b) and the Court's February 15, 2008 Order. Despite reasonable efforts, Defendant Webb was unable to obtain the cooperation of Plaintiff Aguiar in the preparation of a joint case management statement.

I. Brief Description of the Case and Defenses

Plaintiff Aguiar initiated this action against documentary filmmaker Floyd Webb to stop Mr. Webb from using certain photographs, graphics and video footage in Mr. Webb's upcoming documentary film which tells the story of the founder of the Black Dragon Fighting Society, Count Juan Raphael Larcus, an enigmatic and eccentric martial artist who rose to prominence in Chicago more than forty years ago. Mr. Webb has produced and released two trailers for the film, which are the subject of this action. Mr. Aguiar contends that he owns copyright in material Mr. Webb used in the film trailers and he seeks injunctive and monetary relief for this
