Lina --

The sentiment is generally correct, though I'll note that the parties have agreed that in the first instance source code will be made available for inspection, not "produced" per se. In any case, we anticipate making certain source code available for inspection pursuant to our obligations.

regards,  
Susan

Susan,

As we discussed yesterday, Skyhook will be filing a letter with the Court today. Based on our conversation we state in our letter that:

"Defendant confirmed that its production of documents pursuant to Local Rule 16.6 includes source code related documents."

Please let me know if you have any objection.

Thanks,  
Lina
