CAPITAL RECOVERY

Difficult question? Difficult answer?

PROBLEMS ABOUND. SOLUTIONS ABOUND.

IN THE WORLD OF INTELLECTUAL PROPERTY, ENFORCEMENT AND PROTECTION SOLUTIONS ARE TYPICALLY EXPENSIVE AND OFTEN IMPRACTICAL. MOST OF THE SOLUTIONS ARE SIMPLY TOO COST-PROHIBITIVE TO PURSUE.

Copyright protection and the Federal and state laws surrounding its enforcement are complex and difficult to implement, which means that the solutions are complex and the legal fees are expensive. More than any other industry, the film and entertainment industry loses prodigious amounts of revenue to the world of illegal downloading, uploading and file-sharing. As a practical matter each individual infringer lacks the assets, net worth and earning capacity to make civil prosecution practical. . . until the SaveCinema.org efforts of the US Copyright Group.
