How Your Energy Use Compares to Your Neighbors

This graph shows average monthly electric use from February through April

HOW YOU'RE DOING:

- GREAT
- GOOD
- ROOM TO IMPROVE

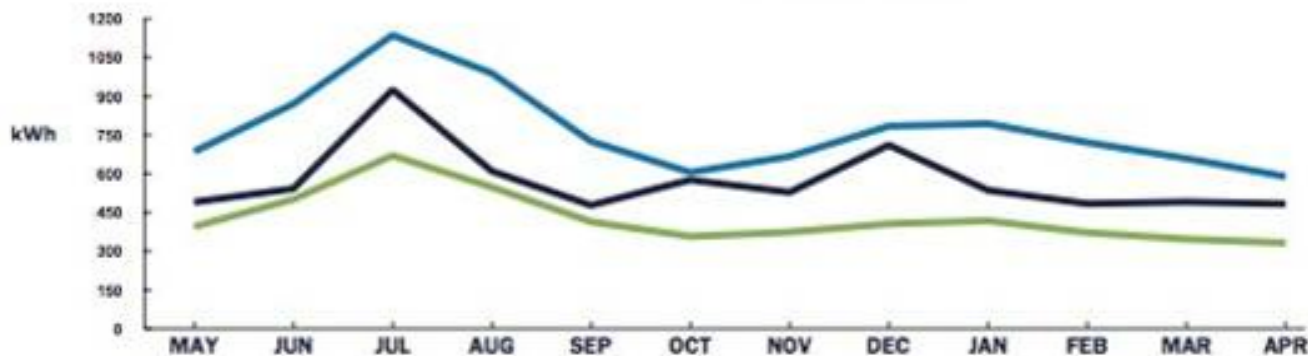

WHO ARE YOUR NEIGHBORS?

Neighbors
Nearby homes of about the same size as yours that have both electricity and natural gas service.

Efficient Neighbors
The most efficient 20% from the "Neighbors" group.

Neighbor Comparison - Last 12 Months

You used **26% LESS** energy than your neighbors. This costs you about **\$343 LESS** per year.

Complete the recommendations on the other side to improve for the next report in July.
