REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

As per independent claims 1, 7, 13, 18, 23 and 25, the claimed feature of "displaying a first and second icon separate from the search window on said display screen...[and] parsing the location identifiers from the initial data file to form an initial list of location identifiers together with storing the initial list, responsive to a selection of the first icon (in claim 1, lines 8-15; substantially similar in the others)", in conjunction with the other claimed limitations, is not shown and would not have been obvious to a person of ordinary skill in the art at the time of the invention in view of the prior art of record.

As shown in the FIGURE 5A of the Applicant's invention, the first and second icons, which initiate parsing of the searched list and retrieve the data from a location in the list, are provided separate (item 300) from the browser window (item 400), which is not shown and not suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
