Term	Definition	Related Terms
12-month enrollment (E12)	<p>These data were collected in the Enrollment component prior to the 2007 IPEDS collection. Data are collected for the entire 12-month academic year, while enrollment data collected in the Fall Enrollment component are fall data. Institutions report an unduplicated head count for the total number of students by gender, race/ethnicity, and level (undergraduate, graduate, first-professional) enrolled throughout the reporting period. Students included are those enrolled in any courses leading to a degree or other formal award, as well as those enrolled in courses that are part of a terminal vocational or occupational program. Institutions also report the total instructional activity for the same 12-month period for both undergraduate and graduate programs. Instructional activity data are reported in units of <u>contact hours</u> (sometimes referred to as clock hours) or <u>credit hours</u>.</p>	
Dual enrollment	<p>A program through which high school students may enroll in college courses while still enrolled in high school. Students are not required to apply for admission to the college in order to participate.</p>	
Fall Enrollment (EF)	<p>This annual component of <u>IPEDS</u> collects data on the number of students enrolled in the fall at postsecondary institutions. Students reported are those enrolled in courses creditable toward a degree or other formal award; students enrolled in courses that are part of a vocational or occupational program, including those enrolled in off-campus centers; and high school students taking regular college courses for credit. Institutions report annually the number of <u>full-</u> and <u>part-time</u> students, by gender, race/ethnicity, and <u>level</u> (undergraduate, graduate, first-professional); the total number of <u>undergraduate entering students</u> (including first-time, transfers-in, part-time students, and non-degree students); and <u>retention rates</u>. In even-numbered years, data are collected for state of residence of first-time students and for the number of those students who graduated high school or received high school equivalent certificates in the past 12 months. Also in even-numbered years, 4-year institutions are also required to provide enrollment data by gender, race/ethnicity, and level for selected fields of study. In odd-numbered years, data are collected for enrollment by age category by student level and gender.</p>

Audit/auditing (a class)	<p>Term used when a student elects to take a course, but does not wish to receive <u>credit</u> for the course toward a <u>degree</u> or other formal award.</p> <p>NOTE: Since this activity is not credit bearing, it is not counted in the Enrollment survey when reporting Instructional Activity. The students are not counted as part the fall counts if they are exclusively auditing their classes.</p>
