I have been following up on this and spoke with Roxanne today. Micah's application has been accepted and is being processed. I straightened out the question of enrolled credits. They were looking at Total Credits and did not notice the entry under total CEUs. They now know that Micah is a registered student and it is a separate issue from the billing issue (which I am also pursuing). We do need to make sure Micah is registered for a winter class before January but that will be no problem.

Tomorrow (or Monday at the latest since tomorrow is a very heavy day for me) I am calling Melisa Mitchell who handles roommate assignments. It might be a good idea if Lea, Kim and I had a chat with her. I'd feel better if there are no surprises.

I'll keep you posted.

Bob

Dear Bob,
Good afternoon.
What do I need to do to get Micah into housing?
I have never received a bill.
I am willing to pay so Micah can live in the dorm.
Please let me know what to do or where to go?
