Re: *Weather Underground v. Navigation Catalyst Systems, Inc.*

Dear Enrico:

I am in the process of reviewing and preparing an opposition to your latest Motion to Compel. In support of that Motion, you have submitted a Declaration in which you state that Name Admin is related to NCS and its sister companies upon "information and belief." In fact, Name Admin is not related to Connexus, Firstlook, NCS, or Basic Fusion at all. It is a completely unrelated third party.

I do not believe that there was any information available anywhere at all which would have supported the conclusion you present in your declaration that Name Admin is related to NCS. No doubt, you are trying to mislead the Court into believing that NCS is transferring assets to Name Admin, an off-shore company, when that is simply not the case. For that reason, as part of NCS's opposition, we will be asking for sanctions for what is plainly an untrue statement intended to improperly taint NCS.

Very truly yours,

William A. Delgado
