

Exhibit D

Would you like to display San Luis Obispo's current weather conditions on your personal or business web site?
Now you can!

Custom stickers and banners now available! See below!

SLOWeather.com is pleased to introduce weather condition stickers and banners which you can easily add to your website.

When visitors come to your website the latest San Luis Obispo weather conditions will appear and the conditions will automatically update as our weather station updates the data.

SLOWeather stickers and banners are time and date stamped so your viewers will know the conditions are current. Simply copy and paste the HTML code below on your web pages wherever you would like a sticker or banner displayed.

You can see the sticker in action at thesloguide.com, and the larger banner at KKJL1400.com

We'll link back to you!

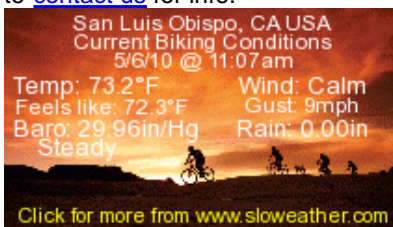

If you do use one of our stickers on your website, we'd like to hear about it. Please [contact us](#) and let us know the website name and we'll add it to our SLOWeather [supporters](#) page

SLOWeather has been putting local weather on the Internet since 1998. When searching for "San Luis Obispo weather" SLOWeather is the number one unsponsored hit on on all major search engines.

Recently, SLOWeather broke it's last visitor record set on 2 January 2006 with 1,718 unique visitors and 5,586 page loads.

For the last 30 days, we averaged 2100 page loads and 675 unique visitors each day, and we're consistently in the top 4 statons worldwide at weatherstationfinder.com.

If you own a business or have a personal website and would like a current weather condition sticker custom built with your company/website name feel free to [contact us](#) for info.

New! Custom stickers and banners, different sizes, your image or ours! [Contact us](#) for info.
