

**UNITED STATES DISTRICT COURT  
FOR THE EASTERN DISTRICT OF MICHIGAN  
SOUTHERN DIVISION**

---

JOHN DOE, et al.,

Plaintiffs,

v.

Case No. 16-13137

RICHARD SNYDER, et al.,

Defendants.

---

**ORDER DIRECTING PARTIES TO SUBMIT  
MEMORANDA WITH PROPOSED ORDERS**

On March 26, 2020, the court held a telephonic status conference to discuss how this case should proceed with the entry of judgment and distribution of notices in light of the practical limitations created by the current COVID-19 pandemic and a declaration of a state of emergency at both the national and state levels. The parties were in agreement that the initial deadlines outlined in the court's February 14, 2020 opinion and order are no longer feasible based on the currently strained administrative resources of law enforcement, significantly hobbled in responding to the pandemic.

Under the existing circumstances, the parties agree that the court should defer entry of final judgment in this case and also agree that additional direction from the court is needed. However, the parties disagree as to the precise substance of that direction.

Following a series of telephone organizational conferences with the court, each side has drafted and exchanged with opposing counsel a proposed interim order addressing how this case should proceed during the present state of emergency. As

discussed during the telephone conference of March 26, 2020, the court will direct the parties to present their proposed orders as exhibits to concise memoranda (one memorandum per side) in which the parties explain the basis for their position and offer a critique of the proposed order of the opposing side. The attached proposed orders should be clearly labeled as **proposed** orders. The court will review and carefully consider these competing memoranda and will ultimately enter its own order providing further guidance in this case. Accordingly

IT IS ORDERED that each side FILE a memorandum on the docket, with a proposed order as an attachment, no later than the close of business on **March 30, 2020**.
