Riches v. Fema

1

Defendants are in a Mammoth conspiracy everyday since Feb 25<sup>th</sup>, 2003 to Flood my 6<sup>th</sup> and 8<sup>th</sup> amendment rights. Evaporate me into the Atmosphere. This is a Catastrophe higher then cat. 5, off the Richter scale. Reynolds wolf forecasted my sentencing wrong. I was enhanced millions of dollars of fraud losses not proven by a Jury or in my Indictment. This is a Blakely v. Washington, and a Booker/Furman 6<sup>th</sup> amendment violation of my life.

2

Everyday Defendants are neglecting the Jonathan Lee Riches disaster. Fema doesn't give me shelter. Insurance companies won't cover me. My head suffered wind damage. Para Military choppers won't drop food in the FCI Williamsburg Rec Yard. I have a Czech Republic cell mate. Major Thompson water seal damage in my cell, now my cell is Malaria Infested. This is a 8<sup>th</sup> amendment violation of cruel punishment inflicted in my Universe.

3

The defendants are committing a deliberate indifference on my life. They know I'm in prison on a 6<sup>th</sup> amendment violation. They fail to act. They turn the other way. They pay taxes that support cruel and unusual punishment. I'm currently suffering battered inmate abuse. I've been sitting in prison for years on fraud losses I did not commit. The proof is in my sentencing transcripts. The Defendants support this neglect. When Defendants pay gas tax, they support this abuse, when Defendants pay Federal Income tax, they support my trauma. Defendants have caused me brain damage through their financial support of the Federal Government who are torturing my life.

4

April 20, 2007 - I got 10 ft of snow in my cell. The forecast called for sunny skies. I was not prepared to bundle up. The FCI Williamsburg warden drove by me on a snowmobile and hot coffee. FCI Williamsburg does not provide scarfs, gas masks, mittens and Kerosene heaters for inmates.

5

April 22, 2007 - Two days later the defendant's harassed and woke me upon their weather radio tornado warning system. At 3:20am Eastern, A loud Buzz woke me from my dreams, ambitions, hope and peace, I look outside and it's clear, the cow jumped over the moon. Defendant's caused the Nor'easter blizzard of 1996. Barometric pressure in my ears went down to 2852 MB.

6

Since Feb 25<sup>th</sup>, 2003 - Defendant's harass me in my cell, they make the weather go below 0, then 1 minute later shoot it up to 120 degrees, and switch back and forth. I'm used as a NOAA Guinea Pig experiment by Defendant's, Defendant's know they got away with violating my 6<sup>th</sup> amendment rights on my criminal case. My case files are buried in the Arctic tundra. Look at what Defendant's did at Pago Pago Samoa, Defendant's Killed Julia Hope from the weather channel.

7

May 6, 2007 - A Tsunami hit Fci Williamsburg. I got sea sick, My cell mate got swept away, I held on to a buoy. A Total 8<sup>th</sup> Amendment violation. Michael Vick beat the Packers in the 2004 Playoffs because he wore a Atmosphere protection Suit provided by Defendant's to block weather at Lambeau Field. Defendant's shot me in a weather balloon (I spelled balloon right this time Wikipedia).

8

Defendant's are in violation of EEO Equal Employment opportunity. I got a meteorologist degree at the Fci Williamsburg library, Defendant's won't let me be a storm chaser or Identity theft chaser. The wind caused Janet Jackson's wardrobe malfunction. Defendant's get their weather forecasts from Miss Cleo on Jan 10, 2007, using my cell phone, my social, to call her 900 lives.

9

I can tell you what any cloud is. I can sniff out toxic gasses in our air. I spot tornado's 100's of miles away. May 6, 2007 my cell floor is a famine. A drought is preventing me from growing sweet corn. Defendant's are sending storm chasers into my head.

Riches v. Fema

10

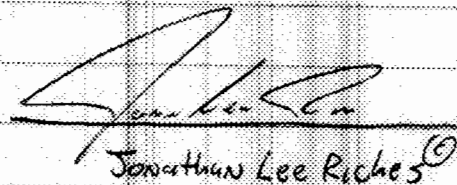

"IM JONNY SUE-NAMI, I'll sue who deprives me" Behold the Pale horse,  
 as Fcl Williamsburg is a Fema camp. Defendants gave Vick the snow  
 balls to throw at my car. Defendants torture me by forcing me to write  
 "Jonathan Lee Riches had his 6<sup>th</sup> amendment rights violated"  
 "Jonathan Lee Riches had his 6<sup>th</sup> amendment rights violated"  
 on a chalk board over and over and over.

Defendants violated the Digital Millennium Copyright act on Jan 17, 2007  
 by circumventing "access control" to my brain to compromise my digital  
 content, selling my brain parts to Flea Markets and Street vendors. Also  
 defendant's paid Lisa left eye to burn my cell down.

### TRO Temporary Restraining order

Plaintiff moves this Honorable court to put a Restraining order to stop Defendants  
 of violating my 6<sup>th</sup> amendment rights under Booker/Fan Fan by paying Federal  
 taxes and having that tax money pay for my Federal Kidnapping and 8<sup>th</sup> amendment  
 daily Psychological torture and everlasting Battered Inmate Syndrome  
 inflicted on my life through Defendant's financing. Moves this honorable court to restrain  
 Defendant's from using the Stockholm syndrome on my life, being nice and smiling  
 to me on the Television while my Kidnappers they financed inflict mental torture  
 on me. Moves this Court to compel Defendants to stop leaking three mile Island  
 radiation into my Knee Joints. Please help me America! I weigh only 125 lbs at  
 5ft 10 inches.
