Civil No. 04-1323 (PAM/RLE)

**DECLARATION OF
ROBERT ALEXANDER**

I, Robert Alexander, declare as follows:

1. In mid-2004, one of my friends noticed what appeared to be a lump or cyst on my left leg below the knee. After several visits to the doctors, it was strongly recommended that I have an operation to remove the cyst.
2. On December 21, 2004, I had the cyst surgically removed from the area between my left knee and ankle. The cyst was slightly bigger than 8 cm in diameter. Dr. Jeffrey Eckardt of the UCLA Santa Monica Medical Center performed the surgery. In early February 2005, I was advised that the UCLA Pathology Department had diagnosed the cyst as a cancerous sarcoma.
3. Dr. Eckardt has directed me to undergo daily radiation treatments (5 times per week) for a period of 8 to 12 weeks, and not to travel during this period.
4. Following the surgery, I was unable to walk for approximately one and half-months.
5. I am commencing the radiation treatments now, and do not expect to finish them until at least the first week of June 2005. I have endeavored to fully cooperate with discovery in

Exhibit 5

this lawsuit, but the surgery, the related pain, and the need for further treatment have made it difficult to do so.

Further Declarant sayeth not.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on 3-14-05.
