Mary Jane and/or Chris -

As I explained below, we were not informed that Mr. Braund would not be attending his IME until this afternoon. We have advised Dr. Benedek of your intent to cancel, and her cancellation fee will be \$3,000 (her hourly rate multiplied by the number of hours she set aside for the evaluation). We still do not know the cancellation fee for Dr. Clark, who was also to examine Mr. Braund tomorrow. We expect your firm to pay the cancellation fee for both doctors and will see that the invoices are sent to you.

The next available date for an IME with Drs. Benedek and Clark is Saturday, June 23, starting at 1 p.m. Please advise Mr. Braund that due to the late start time, the examination will likely run into the evening and he may want to stay in Ann Arbor overnight.

Thank you.

Mr. Braund is just not physically up to driving a 600-mile round trip having just gotten back from out of town.

As of last week, we were told that Mr. Braund was available on the 15th. Dr. Benedek has already cleared her schedule for this day-long appointment. Nothing has changed since last week, except for the time, which we moved from 9 a.m. to 10:30 a.m. for Mr. Braund's convenience. Please explain why Mr. Braund is unable to make this appointment, and why we are being informed of this now for the first time.

Although a change will create scheduling problems for Dr. Benedek, we will attempt to push the start of Mr. Braund's IME back further to 11 a.m. tomorrow to better accommodate him.

If Mr. Braund is unable to make the 11 a.m. time tomorrow, we will expect your firm to pay the cancellation fee.

Thank you.

Rachel,

Mr. Braund has just returned from out of town and is not able to make it to the 10:30 a.m. appointment with Dr. Benedek tomorrow.

Please reschedule the appointment, preferably for a day when the doctor could begin at 11:00 a.m. or later to allow Mr. Braund time to drive the 300 miles from his home to her office.

Thank you.

Mary Jane -

Thank you for the information. Please provide us with two weekdays in the near future on which we could take all six depositions. We will leave it to you to suggest the time and location, so as to minimize the burden on both the attorneys and the deponents. As we have noted in the past, we are willing to work around the deponents' schedules to the extent possible, but we need to notice these depositions right away.

If

we do not hear from you with dates, we will go forward with noticing the depositions.

Also, please confirm that Mr. Braund will be able to make his 10:30 a.m. IME tomorrow morning.

Thank you,

Rachel Simek

Rachel,

You have proposed the Thursday and Friday preceding Memorial Day for these depositions. Under normal conditions, getting to Alpena for evening depositions and then over to Brighton for morning depositions the next day (approximately four hours away) would be difficult. With the holiday traffic heading northbound for the weekend, it will be close to impossible to meet such a tight schedule.

It would seem that the depositions of Marilyn Pietras and Butch Gentry should be taken in Brighton as opposed to Alpena given that they live closer to Brighton (i.e., in Pinckney and Howell).

Mr. Charfoos -

We have arranged for Mr. Braund's IME to begin at 10:30 tomorrow morning. Will Mr. Braund be able to make it at that time? The examination will likely last until after 5 pm, and Dr. Benedek will arrange to have lunch brought in for everyone. Will Mr. Braund be accompanied by you or another attorney? Please let us know, so that we can inform Dr. Benedek's office.

As for the depositions of Mr. Braund's sons, we see no problem with deposing Craig and Chris in Alpena, and then Eric and Michael in Brighton. Saturdays simply will not work. In Mike Moeller's last e-mail, he proposed scheduling Craig and Chris for the evening of Thursday, May 24, and Eric and Michael for the morning of Friday, May 25. Please let us know why you feel that this schedule is not realistic, as Mike would much prefer to take all four depositions in one trip.

In addition, we would like to schedule the depositions of Marilyn Pietras and Butch Gentry. We would prefer to schedule these for the same day as the Craig and Chris Braund depositions, assuming that Ms. Pietras and Mr. Gentry can also travel to Alpena. The best approach would be for you to provide us with two weekdays in May on which we can accomplish all six of these depositions.

We look forward to hearing from you.

Rachel Simek
