Brian,

I just wanted to follow up with you on this document production. We are trying to have documents copied, bates labeled and sent to you today. If we cannot get them prepared in time, they will be sent first thing in the morning. Due to Bridget's and my schedules, we are doing our best to get all responsive documents to you by Wednesday.

As for your comments about the dispositive motion deadline, we cannot conceive what in our documents you would need for any motions that you would file. We already have told you that we would be very flexible as to depositions after we have provided our discovery responses. If there is something that I am missing in this regard, please let me know.

If you have any questions, please call me.

Frank
