**MEMORANDUM AND ORDER**

This matter is before me on petitioner’s “pro se motion to supplement to Rule 60(b).” There is no Rule 60(b) motion pending in this closed habeas case, so petitioner’s motion to supplement must be denied. To the extent this motion is construed as attempting to file a Rule 60(b) motion based upon alleged newly discovered evidence, the motion will be denied. The alleged newly discovered evidence is a letter from the victim’s mother that was previously provided by petitioner in support of his habeas petition. That letter was thoroughly discussed and rejected as evidence of petitioner’s alleged innocence by Magistrate Judge Lewis M. Blanton in his Report and Recommendations filed on June 1, 2011. I adopted that Report and Recommendation on June 28, 2011. I continue to believe that Judge Blanton’s analysis is correct and that petitioner is not entitled to any habeas relief based upon this letter or any other ground advanced in his petition or this motion.

Accordingly,

**IT IS HEREBY ORDERED** that petitioner's motion [#16] is denied.
