ICF SERVICE RENEWAL~THIS IS NOT A BILL

It is time to renew your Internet Content Filtering subscription for next fiscal year (July 1, 2011 – June 30, 2012). Before MOREnet can renew your subscription, we need to know the number of Internet-accessible computing devices you will have in FY12. You need to purchase licenses for all Internet-accessible computing devices at your organization. Please refer to the price schedule below. If you have an increase in the number of Internet-accessible computing devices at any time during the next year, please let MOREnet know so that we can purchase licenses for them and then bill you.

All renewals and cancellations MUST be received by May 27, 2011. There will be no refunds for cancellations received after July 1, 2011.
