WHEREAS, the purpose of the Injunction is to articulate a clear set of permitted and prohibited practices, disclosures, labels, banners, and signs described below, that when followed, will facilitate AmeriGas's compliance with the various states' Consumer Protection laws and regulations at issue in these cases by providing clear and conspicuous disclosures with respect to the net weight of propane in AmeriGas's 20-pound propane cylinders at the point of sale or otherwise.

 - b. place banners which state the net weight of propane in the cylinders being sold above or next to the cages in which AmeriGas cylinders are sold;
 - c. not use or suggest in its communications to the public that a cylinder is "full," or will be "filled to capacity," or that the cylinder is at maximum capacity, unless that is the case; and
 - d. use reasonable commercial efforts to have its retail partners comply with the terms of this Injunction.

3. AmeriGas shall implement the disclosures referenced in this Injunction, if they have not been implemented already, no later than thirty (30) days following the entry of this Order.
