## Content Filter Categories

This page lists all of the Lightspeed Content Database categories. These categories are referenced in your policies to control who can or can't access associated websites (Content Filtering Policies) or programs (Security Agent Policies).

Click here to modify or create Security Agent policies Click here to modify or create Spam Mail Blocker properties Click here to modify the **Default Content Filter Category Property** Set

A custom 'Blocked Access' message page can be assigned to each category, if desired. Click on a category's associated EDIT function to supply an alternate redirecting URL.

Custom categories can be added to this list by using the Add Category Toolbox utility.
