**ORDER**

We select a jury in these complex cases on Monday. Because I believe the lawyers need to know my answer to Plaintiffs' Motion for Reconsideration Regarding Order on Motion in Limine (filing no. [514](#) in lead case) as soon as possible, I have spent considerable time and effort since the Motion was filed on May 31, 2015, considering the matter again. Having done so,

IT IS ORDERED that:

1. The Motion for Reconsideration Regarding Order on Motion in Limine (filing no. [514](#) in lead case) is granted.
2. Defendants' Motion in Limine (filing no. [502](#) in lead case) is denied in all respects.

June 2<sup>nd</sup>, 2016.

BY THE COURT:
