ORDER

After conferring with counsel, for the reasons stated on the record, (Filing No. 65),

IT IS ORDERED:

- 1) Defendant's motion for protective order, (Filing No. 50), is granted, and Plaintiff's motion, (Filing No. 43), is granted in part and denied in part as follows:
 - a. Plaintiff's motion to strike Defendant's expert witnesses for failing to comply with Fed. R. Civ. P. 26(a)(2)(B)(ii), is denied.
 - b. Plaintiff's alternative request for an order compelling production of topographic survey data is granted in part. If Defendant's expert created reports or records from the raw survey data (which has now been provided to Plaintiff's counsel) that were not produced with the defense expert report, those reports or records—whether relied upon or not—shall be disclosed to Plaintiff's counsel by January 23, 2017.
 - c. As to rainfall and stream flow data, Defendant's motion for protective order, (Filing No. 50), is granted and Plaintiff's motion, (Filing No. 43) is denied.  - d. Any supplemental report by Plaintiff's expert shall be disclosed on or before February 1, 2017.

- e. Defendant's position on what must be disclosed with an expert report was substantially justified, and upon review of Plaintiff's preliminary expert report and with the expert disclosure continuance (see paragraph "d" above) and amendments to the progression order set forth herein, its failure to disclose any additional topographical information (if any) earlier is harmless. Plaintiff's request for sanctions is denied.
