A review of the Minutes (Doc. #653) of the hearing conducted December 28, 2011 regarding multiple motions in limine shows that the Court took under submission Defendants' Motion in Limine #4 (Doc. #511) to limit the scope of Plaintiffs' fraud claims to the allegations in the First Amended Complaint (Doc. #511). Having had the opportunity to further review Defendants' Motion and Plaintiffs' Opposition thereto (Doc. #580), in light of the arguments presented at the hearing of December 28, 2011, and good cause appearing,

**IT IS ORDERED** that Defendants' Motion in Limine #4 (Doc. #511) is **DENIED**.

DATED: January 3, 2012.
