14	Before the Court for consideration is Defendants' fully briefed Motion to Sever
15	Cases for Trial (Doc. #261) filed November 15, 2012. At the hearing conducted January
16	16, 2013, the Parties clarified that since the filing of Defendants' Motion, several Plaintiffs
17	have reached resolution of their claims against Defendants. As a result, the claims of only
18	ten (10) Plaintiffs remain for trial.
19	Having considered the arguments of the Parties, the Court concludes that the
20	interest of judicial economy warrant proceeding with a single trial in these cases and that
21	any potential prejudice to Defendants can be addressed by appropriate jury instructions.
22	IT IS THEREFORE ORDERED that Defendants' Motion to Sever Cases for
23	Trial (Doc. #261) is <b>DENIED</b> .
24	DATED: January 17, 2013.
