Case No. 2:09-cv-02397-GMN-PAL

ORDER

13 This matter is before the court on the parties' failure to file a joint pretrial order as required by
14 LR 26-1(e)(5). The Discovery Plan and Scheduling Order (Dkt. #11) filed April 12, 2010, required the
15 parties to file a joint pretrial order required by LR 26-1(e)(5) no later than October 18, 2010. There are
16 no dispositive motions pending. However, on September 14, 2010 Judge Foley conducted an ENE.
17 The Minutes of Proceedings (Dkt #16) indicate a settlement was reached, and a follow up telephonic
18 status conference was scheduled for October 14, 2010. The docket does not indicate whether the
19 conference was held and the parties have not submitted a stipulation for dismissal. Accordingly,

20 **IT IS ORDERED** that Counsel for the parties shall have until **4:00 p.m., November 8, 2010** to
21 either file a stipulation for dismissal or a joint status report indicating when their settlement will be
22 finalized.

23 Dated this 25th day of October, 2010.
